 REGISTERED UNDER NO. 10000 SUBJECT TO ATTACHED COMMENTS.

### DIRECTIONS

For the control of European Red Mite, Two Spotted Mite, Bull Mite, Rose Aphid, Greenbug, Green Aphids, Thrip, Lace Bugs, Whitefly, Tea Scale and Camelia Scale insects on Roses and ornamentals (Azaleas, Camelias, Chrysanthemum, American Holly, Viburnum, Pansy, Linden, Delphinium, Lilies and Floribunda Roses)—scatter 1 ounce of Stemite Granules around the base of each plant (18" to 24" in height), for larger plants increase the amount proportionately. Water thoroughly after applications so that the Stemite will be absorbed by the root system of the plant. Repeat application at 3 week intervals.

**CAUTION:** Do not apply to vegetable plants, fruit trees, forage crops or other edible plants, or within 5 days of hand picking, pruning, disbudding, transplanting or other handling.

**WARNING:** May be fatal if swallowed, inhaled or absorbed through skin. Rapidly absorbed through skin. Do not get in eyes, on skin or clothing. Do not breathe fumes or dust. Wear a respirator or dust mask approved by the United States Dept. of Agriculture for Demeton or equivalent material, protective clothing, rubber gloves and goggles. In case of contact remove contaminated clothing and wash thoroughly with soap and water. Do not contaminate feed and food stuffs. Wash thoroughly with soap and water before eating and smoking. Wash all contaminated clothing before re-use.

Seller makes no warranty express or implied concerning the use of this product. Buyer assumes all risk of use, storage and handling whether in accordance with directions or not.
