	TERM OF ISSUANCE Conditional	
	NAME OF PESTICIDE PRODUCT Zinclear Concentrate (Water Dilutable)	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Standard Tar Products Co., Inc.  
 2456 West Cornell Street  
 Milwaukee, WI 53209-6294

161 / 156157  
18 / 1

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

- This product is conditionally registered in accordance with FIFRA sec. (c)(7)(A) provided that you:
1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
  2. Make the labeling changes listed below before you release the product for shipment:
    - a. Add the phrase "EPA Registration No. 458-21."
    - b. Delete the signal word "Warning" under the heading "Hazards to Humans and Domestic Animals."
  3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.
- If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.
- A stamped copy of the label is enclosed for your records.

precautionary statements

NET CONTENTS

Manufactured by  
STANDARD TAR PRODUCTS CO., INC.  
2456 West Cornell St, Milwaukee, WI 53209

Zinclear™ Concentrate  
(Water Dilutable)

. PROVIDES PROTECTION from decay, mildew and rotting for wooden flooring, for decks and patios, ladders, doors, window frames and sashes, fence posts, stakes and small dimensional lumber, wooden siding and shingles.

. PREVENTS ATTACK by termites and other wood-boring insects.

. GIVES CLEAN, PAINTABLE SURFACE when diluted with water - for protection of wood above ground.

. PENETRATING solution soaks in deeply, dries clear and leaves no sticky surfaces. Will not leach from wood.

Zinclear™ Concentrate is easily diluted with water.

Stir to obtain a homogeneous mixture or close container and shake well.

To obtain various metallic zinc treating solution concentrations, use the following dilution table:

For 1.0% zinc,	add	7.0 gallons	to	one gallon Concentrate
For 2.0% zinc,	add	3.0 gallons	to	one gallon Concentrate
For 3.0% zinc,	add	1.7 gallons	to	one gallon Concentrate
For 4.0% zinc,	add	1.0 gallons	to	one gallon Concentrate

CLEAN UP

Rinse brushes and equipment with copious amounts of water after completion of jobs for fast clean up. Soap and water may be necessary if product begins to dry and become sticky on brushes.

KEEP FROM FREEZING

IMPORTANT NOTICE TO BUYER: Neither manufacturer nor seller makes any representation of warranty, expressed or implied, concerning this material, other than indicated on the label. Neither shall be held responsible in any manner for any personal injury, property damage or other type of loss resulting from the improper handling, storage and use of this material. See label directions. The buyer accepts and uses this material under these conditions.

Manufacturer will refund the purchase price or replace this product, if within one year of the date of purchase, it is shown to be defective. Manufacturer's liability under any warranty, whether expressed or implied, is limited to one year from date of purchase and does not include any labor, incidental or consequent damages or losses.

4.5

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND  
DOMESTIC ANIMALS**

**WARNING**

Harmful if swallowed, inhaled or absorbed through skin. Causes eye and skin irritation. Use only in well ventilated area. Do not breathe vapor or spray mist. Do not get in eyes, on skin, or on clothing. Wear goggles, rubber gloves and protective clothing when applying or handling the freshly treated lumber. Wash thoroughly after handling.

Keep out of reach of children

**STATEMENT OF PRACTICAL TREATMENT**

In case of eye contact, flush immediately with plenty of water for 15 minutes and get medical attention.

If swallowed, call physician immediately. Do not induce vomiting.

If inhaled, remove to fresh air.

For skin contact, wash thoroughly with soap and water. Remove contaminated clothing and shoes. Wash clothes before reuse.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of waste.

**PHYSICAL AND CHEMICAL HAZARDS**

Do not use or store near heat or open flame. Use with adequate ventilation.

Do not use or store inside the home.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For Outdoor Use Only.

Shake Well Before Using.

**TO STOP WOOD ROT, DECAY AND MILDEW**

Wood should be dry, unpainted, well seasoned and bark free.

**COATING:** Apply two or three drenching coats with a mop, sprinkling can or brush.

**DIPPING:** Soak five minutes or more for each inch of thickness of wood. Posts, poles and timbers should soak 24 to 48 hours.

Allow treated surface to dry (usually all solvent is gone in 24 hours) before painting or varnishing.

Can be painted over when thoroughly dry.

For wood containing resins and other materials, weathering will enhance paint adhesion.

Do not apply over painted or varnished surfaces.

Zinclear Concentrate should be diluted so that the treating solution contains 1.0% to 4.0% Zinc as metal. For soil contact use dip treatment and use concentrations of 2.0% or greater. For lumber to be used above ground, but sheltered from rain and sun, 2.0% will provide necessary protection. For all exterior uses when rain and sunlight will be a factor, 4.0% Zinc as metal should be applied when the dip treatment is used.

**STORAGE AND DISPOSAL**

**STORAGE:** Do not contaminate water, food, or feed by storage or disposal. Keep closures tight and upright to prevent leakage. Soak up spills or leaks with sand, dirt or synthetic absorbent and remove to container.

**DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent) and offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.
