LILLY'S ANT TRAP With **KEPONE***

For control of Sweet and Grease-eating
Ants and Silverfish.

DIRECTIONS

For Ants and Silverfish inside the Home. Place traps outside close to foundation about 10 to 15 feet apart, or on foundation sills in basement, window sills, or inside where ants are entering. Ants carry food to nest, usually killing entire colony. For Silverfish, place traps inside as for Ants, using 2 or 3 traps for each infested room.
FOR LAWN & GARDEN—Place traps along ant trails about 10 to 20 feet apart. Replace with new traps at least every 30 days.

WARNING

Keep out of reach of children and domestic animals. See additional warning on back of Trap.

ACTIVE INGREDIENT
Decachlorocyclohexane 1,3,4 methano 2H-cyclohexa(1,3-d)
pentalen 2-one

INERT INGREDIENTS

0.125%
99.875%
100.00%
