HIDDEN* DC-15 SOIL FUNGICIDE AND NEMATICIDE

A Multi-Purpose, Preplant Soil Fumigant for Use to Control Nematodes, Symphylans, Wireworms and Certain Soil Borne Diseases in Crop Lands

INGREDIENTS
1,3-Dichloropropane and related aliphatics 85%
Trichlorofluoromethane 15%
10.2 pounds active ingredients including not less than 4.8 pounds of 1,3-dichloropropane per gallon
Registration No. 464-392
EPA No. 464-CA-1

PRECAUCION AL USUARIO: Si usted no lee inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente
TRANSLATION (TO THE USER: If you cannot read English, do not use this product until the label has been fully explained to you)

KEEP OUT OF REACH OF CHILDREN

DANGER POISON

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

HAZARDOUS LIQUID AND VAPOR • MAY BE FATAL IF INHALED, ABSORBED THROUGH SKIN, OR SWALLOWED • CAUSES BURNS OF EYES • MAY PRODUCE KIDNEY AND LIVER DAMAGE UPON PROLONGED EXPOSURE • VAPOR EXTREMELY IRRITATING
Breathe Vapor • Do Not Get in Eyes, on Skin, on Clothing • Do Not Inhale Internally • Use Only With Adequate Ventilation • Wear Eye Protection Necessary to Prevent Contact When Handling HIDDEN DC-15 • Wash Thoroughly After Handling and Before Eating or Smoking
Protective gear, such as boots or gloves, becomes contaminated immediately wash with soap. Never wear protective gear having the odor of 1,3-dichloropropane. Aerate and wash protective gear thoroughly after use until all odor is gone.
Cleanable and dispose of contaminated leather goods, including shoes.
SEE FURTHER INSTRUCTIONS UNDER HANDLING PRECAUTIONS SECTION ON SIDE PANEL

IF INHALED remove to fresh air. If not breathing, give artificial respiration preferably mouth to mouth. If breathing is difficult, give oxygen. Call a physician.
IF ON SKIN, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Call a physician. If water not immediately available, remove excess chemical from skin with sorbent material such as towel or dry soil, then proceed at once to location where water is available and thoroughly wash contaminated skin with plenty of water. Call a physician.
IF IN EYES, immediately flush eyes with plenty of water for at least 15 minutes. Call a physician.
IF SWALLOWED, immediately induce vomiting by giving two glasses of water and sticking finger down throat. Call a physician. Never give anything by mouth to an unconscious person.

**PHYSICAL OR CHEMICAL HAZARDS
COMBUSTIBLE**

Do Not Use Near Open Flame or Heat
Do Not Cut or Weld Containers

ENVIRONMENTAL HAZARDS

To avoid injury to fish and other wildlife, do not spill or empty into streams, ponds, or any other bodies of water. Do not contaminate water by cleaning of equipment or disposal of wastes.

AGRICULTURAL CHEMICAL

Do Not Ship or Store with Food, Feeds, Drugs, or Clothing

In case of an emergency endangering life or property involving this product, call collect 1-800-577-6366-4400

DIRECTIONS FOR USE

Read the label of Federal Law to use this product in a manner consistent with the labeling.

HANDLING PRECAUTIONS

DO NOT INHALE VAPORS. Avoid or MSHA approved respiratory protection should be worn when HIDDEN DC-15 liquid is fumigated. Avoid breathing vapors during operations which result in the atmosphere of a confined space. Use of MSHA approved full-face respirator with a canister or a self-contained breathing apparatus is recommended when working in a confined space. When using canisters or cartridges, check the expiration date and the amount of use specified by the manufacturer. Do not use if the expiration date has passed or if the amount of use has been exceeded. Do not use if the expiration date has passed or if the amount of use has been exceeded.

DO NOT GET ON SKIN. When handling HIDDEN DC-15, wear protective clothing, including gloves and heavy footwear. Remove any clothing contaminated with HIDDEN DC-15 and wash it thoroughly.

DO NOT GET IN EYES. Wash eyes thoroughly with plenty of water for at least 15 minutes. Call a physician.

DO NOT SWALLOW. Induce vomiting by giving two glasses of water and sticking finger down throat. Call a physician. Never give anything by mouth to an unconscious person.

DO NOT REUSE ORIGINAL CONTAINERS SUCH AS DRUMS.

STORAGE, SHIPMENT AND DISPOSAL

STORAGE: Store in original container in a cool, dry place away from heat, fire, and open flame. Do not store near food, feed, or clothing. Do not store in a confined space.

SHIPMENT: Ship in original container in a cool, dry place away from heat, fire, and open flame. Do not ship near food, feed, or clothing. Do not ship in a confined space.

DISPOSAL: Dispose of HIDDEN DC-15 in accordance with local, state, and federal regulations. Do not dispose of HIDDEN DC-15 in a confined space.

GENERAL INFORMATION

Vegetable Crops: asparagus, beans, beets, bok choy, brassicas, Brussels sprouts, cabbage, cantaloupe, carrots, cauliflower, celery, lettuce, corn, cucumbers, eggplant, endive, garlic, horseradish, kale, kohlrabi, leeks, lettuce, melons, mustard greens, onions, parsnips, peas, peppers, pimientos, potatoes, pumpkin, radishes, rutabaga, squash, spinach, squash, summer, winter, sweet potatoes, turnips, chard, tomatoes, turnips, watermelons.

Field Crops: alfalfa, barley, berseem clover, buckwheat, corn, cotton, flax, grasses, hops, lespedeza, millet, rice, sorghum, soybeans, sunflower, vetch, wheat.

Citrus Fruit Tree Planting Sites: grapefruit, lemons, limes, oranges, tangerines, tangelos.

Deciduous Fruit and Nut Tree Planting Sites: almonds, apples, apricots, cashews, hazelnuts, cherries, chestnuts, dates, figs, hickories, hickory nuts, pecans, peaches, pears, persimmons, pineapples, plums, pomograntes, prunes, quinces, walnuts.

Bush and Wine Planting Sites: blackberries, blueberries, bayberries, cranberries, currants, elderberries, gooseberries, grapes, huckleberries, loganberries, raspberries, strawberries, youngberries.

SPECIMEN LABEL
REDUCED TO 72%

DOSAGE AND USE RECOMMENDATIONS

To Control Nematodes, Symphylans, and Wireworms

When to Treat: Apply HIDDEN DC-15 to soil before planting or before the soil is worked. Do not apply HIDDEN DC-15 to soil after the soil has been worked. Do not apply HIDDEN DC-15 to soil after the soil has been worked.

Soil Preparation: Apply HIDDEN DC-15 to soil before planting or before the soil is worked. Do not apply HIDDEN DC-15 to soil after the soil has been worked. Do not apply HIDDEN DC-15 to soil after the soil has been worked.

Application: Apply HIDDEN DC-15 to soil before planting or before the soil is worked. Do not apply HIDDEN DC-15 to soil after the soil has been worked. Do not apply HIDDEN DC-15 to soil after the soil has been worked.

Rate of Use: Apply HIDDEN DC-15 to soil before planting or before the soil is worked. Do not apply HIDDEN DC-15 to soil after the soil has been worked. Do not apply HIDDEN DC-15 to soil after the soil has been worked.

DOSAGE AND USE RECOMMENDATIONS

To Control Nematodes, Symphylans, and Wireworms

Attention: Do not use HIDDEN DC-15 on soil that has been treated with other soil fumigants. Do not use HIDDEN DC-15 on soil that has been treated with other soil fumigants.

Application: Apply HIDDEN DC-15 to soil before planting or before the soil is worked. Do not apply HIDDEN DC-15 to soil after the soil has been worked. Do not apply HIDDEN DC-15 to soil after the soil has been worked.

Rate of Use: Apply HIDDEN DC-15 to soil before planting or before the soil is worked. Do not apply HIDDEN DC-15 to soil after the soil has been worked. Do not apply HIDDEN DC-15 to soil after the soil has been worked.

KEEP OUT OF REACH OF CHILDREN
DANGER POISON

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

HAZARDOUS LIQUID AND VAPOR • MAY BE FATAL IF INHALED, ABSORBED THROUGH SKIN, OR SWALLOWED • CAUSES BURNS OF MOUTH OR EYES • MAY PRODUCE KIDNEY AND LIVER DAMAGE UPON PROLONGED EXPOSURE • VAPOR EXTREMELY IRRITATING
Do Not Breathe Vapor • Do Not Get in Eyes, on Skin, on Clothing • Do Not Take Internally • Use Only With Adequate Ventilation • Wear Eye and Skin Protection Necessary to Prevent Contact When Handling VIDDEN DC-15 • Wash Thoroughly After Handling and Before Eating or Smoking
Protective gear such as boots or gloves becomes contaminated, immediately wash with soap and water. Never wear protective gear having the odor of 1,3-dichloropropane. Aerate and wash protective gear thoroughly after use until all odor is gone.
Do not use or dispose of contaminated leather goods, including shoes.
SEE FURTHER INSTRUCTIONS UNDER HANDLING PRECAUTIONS SECTION ON SIDE PANEL

IF INHALED: remove to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Call a physician.
IF ON SKIN: immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Call a physician. If water not immediately available, remove excess chemical from skin with sorbent material such as tawel or dry soil, then proceed at once to location where water is available and thoroughly wash contaminated skin with plenty of water. Call a physician.
IF IN EYES: immediately flush eyes with plenty of water for at least 15 minutes. Call a physician.
IF SWALLOWED: immediately induce vomiting by giving two glasses of water and sticking finger down throat. Call a physician. Never give anything by mouth to an unconscious person.

PHYSICAL OR CHEMICAL HAZARDS
COMBUSTIBLE
Do Not Use, Pour, Spill, or Store near Heat or Open Flame
Do Not Cut or Weld Container

ENVIRONMENTAL HAZARDS
To avoid injury to fish and other wildlife, do not spill or empty into streams, ponds, or any other bodies of water. Do not contaminate water by cleaning of equipment or disposal of wastes.

AGRICULTURAL CHEMICAL
Do Not Ship or Store with Food, Feeds, Drugs or Clothing

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

HANDLING PRECAUTIONS
DO NOT INHALE VAPORS: NIOSH or MSHA approved respiratory protection should be worn when VIDDEN DC-15 liquid soil fungigant is exposed to the atmosphere or when conducting operations which vent to the atmosphere. A NIOSH or MSHA approved full face respirator shall be used during small spills, repairs, calibrations, transfers, sampling and when working in poorly ventilated areas. When in use, canisters or cartridges shall be replaced after each half hour of use or sooner if specified by manufacturer or at first sign of indoor breathing while wearing respirator. NIOSH approved cartridges such as a Mesh 4003 will be adequate for short term situations such as listed above.

When very high concentrations of vapors might be expected, such as large spills in poorly ventilated areas, a self contained or supplied respirator should be used.

DO NOT GET ON SKIN: When handling or working with VIDDEN DC-15, wear long-sleeved clothing, long pants and heavy footwear. Immediately remove contaminated clothing. Aerate and wash all affected clothing and gear thoroughly after use.

There are no known toxic clothing materials that are completely impervious to VIDDEN DC-15. The best gear (the layers of polyethylene minimum 2 mil) or other barrier (polyurethane or other barrier) should be discarded upon contact with VIDDEN DC-15. If polyethylene is used, it should provide longer term protection. Leather gloves, protective clothing, footwear, and contaminated materials washed with soap and water, have not been proven to offer any protection against VIDDEN DC-15. Wash and aerate all protective gear thoroughly after use.

DO NOT GET IN EYES: Wear eye protection when handling VIDDEN DC-15.

DO NOT SWALLOW: Do not use the mouth to apply VIDDEN DC-15 to plants.

STORAGE, SHIPMENT AND DISPOSAL
STORAGE: Store in original container in a cool, dry place. Do not store in areas where children, pets, or livestock are present. Do not store in areas where food, feed, or drugs are stored. Do not store in areas where water supply is used. Do not store in areas where water supply is used. Do not store in areas where water supply is used.

SHIPMENT: Do not ship in areas where food, feed, or drugs are stored.

DISPOSAL: Do not use equipment and containers and disposal facilities including drums, tanks, or other containers, for use with VIDDEN DC-15. Do not use equipment and containers for use with VIDDEN DC-15.

DO NOT REUSE ORIGINAL CONTAINERS SUCH AS DRUMS

GENERAL INFORMATION
Apply VIDDEN DC-15 to soil fungigant and nematode as a preplant soil treatment. Do not apply to soil in areas where plants are growing. Do not apply to soil in areas where plants are growing. Do not apply to soil in areas where plants are growing.

Field Crops: alfalfa, barley, birdfoot trefoil, buckwheat, clover, corn, cotton, rice, grasses, hops, lespedeza, millet, mung bean, oats, peanuts, sorghum, rice, soybean, sorghum, soybeans, sugar beets, sugar cane, tobacco, vetch, wheat.

Citrus Fruit Tree Planting Sites: grapefruit, orange, lemon, lime, or tangerine, tangelos.

Deciduous Fruit and Nut Tree Planting Sites: almonds, apples, apricots, cashew nuts, cherries, chestnuts, dates, figs, filberts, hazelnuts, hickory nuts, nectarines, olives, peaches, pears, pecans, persimmons, pineapples, plums, pears, quinces, quince walnuts.

Born and Vine Planting Sites: blackberries, blueberries, boysenberries, cranberries, currants, dewberries, gooseberries, grapes, huckleberries, Loganberries, raspberries, strawberries, youngberries.

Nursery Crops including: floral plants, ornamentals, shrubs and bushes, sweet shade, fruit and nut trees and vine and bramble fruits of all types.

When to Treat: Apply VIDDEN DC-15 whenever soil conditions are suitable for planting. Apply to soil in the spring, just before planting, before planting the crop. Do not apply to soil in areas where plants are growing. Do not apply to soil in areas where plants are growing.

Soil Preparation: At the time of application, the soil should be in good seed bed condition. Free of rocks and undecomposed plant material and with soil moisture at about one half of field capacity. Soil temperature should be 40° F. to 80° F. at the depth of application and undecomposed plant material should be plowed or buried and allowed to decompose before application. VIDDEN DC-15 Deep tillage is not recommended. Note: Do not use VIDDEN DC-15 in extremely heavy clay or muck soils.

Application: VIDDEN DC-15 may be applied as a preplant soil overall (broadcast) treatment using a suitable type application equipment. Follow the label directions for application. For pre-treatment soil application, apply to soil before planting. For broadcast application, apply to soil before planting. For broadcast application, apply to soil before planting.

**DOSAGE AND USE RECOMMENDATIONS
to Control Nematodes, Symphylans and Wireworms**
