

N-SERVE 24E

Nitrogen Stabilizer

Use to delay nitrification of ammoniacal and urea nitrogen fertilizer compositions in the soil by controlling the nitrification process

WARNING

KEEP OUT OF REACH OF CHILDREN
Read Complete Precautions

ACTIVE INGREDIENTS:

Nitrapyrin [2-chloro-6-(trichloromethyl) pyridine]	21.9%
Related chlorinated pyridines	2.4%

INERT INGREDIENTS:

Contains 2 pounds of active ingredients per gallon
EPA Reg. No. 464-432

DIRECTIONS

For use in formulation of and application with aqueous ammonium or other liquid ammoniacal or urea nitrogen fertilizer compositions

N-SERVE 24E Nitrogen Stabilizer is an emulsifiable formulation designed for use in certain liquid fertilizers including aqueous ammonia, urea solutions, and certain mixed salt solutions. All such fertilizer mixtures with N-SERVE 24E must be applied in a subsurface band or row at a minimum depth of 4 inches below the soil surface.

Recommended use rates are 1/2 to 1 quart N-SERVE 24E per acre on corn, cotton, sorghum, and wheat. Apply only once per year either as a Pre-plant or At-plant application with ureas or ammoniacal fertilizers. Pre-plant applications may be used in the fall.

Do not rotate with crops other than those specified on this label. Crop rotation here means harvesting two crops planted on the same land within one calendar year.

When making applications of N-SERVE 24E with aqueous fertilizer systems, agitation must be provided. This formulation also can be used as an emulsion with water for simultaneous application with any ammonium-type fertilizer.

BEFORE USING THIS PRODUCT READ THE MANUFACTURER'S USE RECOMMENDATIONS AND APPLICATION HANDBOOK

Apply only as specified on this label.

Do not spill or empty product into streams, ponds or other bodies of water. Rinse equipment and containers and dispose of wastes by burying in non-croplands away from water supplies. Containers should be disposed by punching holes in them and burying with wastes.

WARNING

KEEP OUT OF REACH OF CHILDREN
MAY CAUSE EYE INJURY • MAY CAUSE SKIN IRRITATION
MAY BE ABSORBED THROUGH SKIN
HARMFUL IF SWALLOWED • COMBUSTIBLE

Avoid eye contact. Avoid prolonged or repeated skin contact. Wash well after handling and use. In case of skin contact, flush with plenty of water. In case of eye contact, flush eyes for at least 15 minutes and get medical attention. Wash contaminated clothing before re-use. Use only with adequate ventilation. Do not use, pour, spill or store near heat or open flame. Keep container closed.

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
