DIRECTIONS FOR USE

For control of insects in and around dwellings, apartment houses, office buildings, institutions, supermarkets, restaurants, food handling and processing establishments, warehouses, furniture storages, and libraries, pet quarters, and laundry trucks.

To Operate: Remove cap. Hold can upright. Press nozzle directed at insects to be sprayed. Spray infested surfaces until wet.

NOTE: Do not use in edible products, food processing plants, restaurants, or other areas where food is commonly prepared or processed. Do not use in serving areas where food is exposed.

Roaches: except American Ants, Silverfish, White bugs.

Spiders, Crickets: Spray in and around areas where possible. Also spray walls, ceilings, and surfaces wherever insects may be present or aggregate, such as under sinks, trash cans, stoves, and refrigerators, in cabinets, and around the self and door sills, and frames, window frames, garbage cans, garages, and out buildings. Retreat as necessary.

Fleas in Buildings and Pet Quarters: Spray thoroughly, faces, walls, rugs, carpets, cracks, crevices, sleeping quarters of pets, or other infested areas. Retreat as necessary. Do not use directly on pets.

Carpet Beetles: Apply to floor, walls, and baseboards. Spray directly into cracks, crevices, and under carpets where insects may be found. Treat both the under side and top side of the carpet. Spray in closets, trunks, suitcases, and infested furniture, including. Retreat as necessary.

Bedbugs: Spray mattress and bedding, especially clothing, shoes, and folds. Spray in the crevices along baseboards, carpet edges, cracks, and in set bedding places, such as rooms. Allow mattress and bedding to dry before using. Apply liberally inside walls and floors of laundry trucks.
