AGRICULTURAL CHEMICAL

Do Not Ship or Store with Food, Feeds, or Clothing

PRECAUCION AL USUARIO: Si usted no lee inglés, no use este producto hasta que la etiqueta le haya sido explicado ampliamente.

TRANSLATION: (TO THE USER: If you cannot read English, do not use this product until the label has been fully explained to you.)

USE DIRECTIONS

Use LORSBAN 4E insecticide for control of peach tree borers infesting peach trees by application as a trunk spray before newly hatched borers enter the trees. Consult your local Agricultural Experiment Station or Extension Service specialist for proper time to treat in your area. Mix 3 quarts of LORSBAN 4E insecticide with 100 gallons of water and apply as a coarse, low-pressure spray using suitable hand or power spray equipment to give uniform coverage of tree trunks. Thoroughly wet all bark areas from ground level to scaffold limbs. Do not allow spray to

contact fruit. Make only one application per season. Do not apply within 14 days before harvest. Do not graze treated orchards to meat or dairy animals.

USE PRECAUTIONS

LORSBAN 4E is toxic to fish, wildlife, and birds. Fish and crustaceans may be killed if their waters are contaminated with this product. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from treated areas. Do not contaminate water by cleaning of equipment or disposal of wastes. Use this product only as specified on this label.

Do not reuse empty container. Promptly crush or perforate and bury with wastes in a location away from water supplies. Follow official local container disposal regulations where applicable.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.

U.S. Patent No. 3,244,586

WARNING

**KEEP OUT OF REACH OF CHILDREN
MAY BE FATAL IF SWALLOWED
MAY BE ABSORBED THROUGH SKIN
MAY BE INJURIOUS TO EYES AND SKIN
COMBUSTIBLE**

Do not take internally • Do not get in eyes or on skin • Wash thoroughly after handling • Wash contaminated clothing before reuse • Flush contaminated eyes with plenty of water and get prompt medical attention • Avoid breathing vapors and spray mist • Keep away from food, feedstuffs, and domestic water supplies • Keep container closed • DO NOT USE, POUR, SPILL, OR STORE NEAR HEAT OR OPEN FLAME. Handle concentrate in a ventilated area.

Note to Physician: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.
