# WARNING AVISO:

#### PRECAUCION AL USUARIO:

Si usted no lee inglés no use cisle producto hasta que la etiqueta le haya sido explicada ampliamente.

#### **PRECAUTIONARY STATEMENTS**

Hazards to Humans and Domestic Animals HARMFUL OR FATAL IF SWALLOWED ● CAUSES EYE INJURY ● MAY CAUSE SKIN IRRITATION

Avoid Contact with Eyes, Skin and Clothing

• Wash Thoroughly After Handling • Keep
Container Closed • Do Not Store Near Food
or Feed • Do Not Drink Solution • Do Not
Store in Open or Unlabeled Containers

STATEMENTS OF PRACTICAL TREATMENT: Contains ethylene glycol. If swallowed, induce vorniting immediately by giving two glasses of water and sticking linger down throat. Get medical attention. Never give anything by mouth to an unconscious person. In case of eye contact, promptly flush with plenty of water, and get medical attention. Remove contaminated clothing and wash before reuse.

Physical or Chemical Hazards

COMBUSTIBLE 

■ Keep Away From Heat

And Open Flame.

TORDON\*

#### GENERAL INFORMATION

TORDON RTU Herbicide is a ready-to-use product that is effective in cut surface applications for killing unwanted trees and preventing undesirable sprouting of cut trees in forest and other non-crop areas such as fence rows and right of-ways. Among the many species that can be controlled are

ailanthus, alder, aspen, birch, cedar, cherry, dogwood, elm, firs, green ash, gum, hawthorn, hickory, hornbeam, maples, oaks, pecan, persimmon, serviceberry, sourwood, sweetbay.

#### **USE DIRECTIONS**

Use undiluted as Indicated below.

TREE INJECTION TREATMENT: Use 1 milliliter of undiluted TORDON RTU Herbicide solution through the bark completely around the tree frunk at intervals of 2 to 3 inches between edges of the injector wounds. Make injections near ground level when using the tree injector or 2 to 4 feet above the ground when using a HYPOHATCHET Injector or similar device. Treatments can be made in any season. Mapies should not be treated during the spring sap flow. With some difficult to control species such as dogwood. hickory, sugar maple, bigleaf maple, tanoak, and some firs, application to a continuous cut rather than to spaced cuts may be more uniformly effective.

FRILL OR GIRDLE TREATMENT: Make a single back girdle or frill of overlapping axe cuts through the bark completely around the tree as close to the ground as feasible Spray or paint the injured surface with undituted TORDON RTU Herbicide, using enough volume to wet treated areas.

STUMP TREATMENT: Spray or paint the cut surfaces of freshly cut stumps and stubs with undiluted TORDON RTU Herbicide. The cambium area next to the bark is the most vital area to wet.

#### **USE PRECAUTIONS**

Use this product only as specified on this label. TORDON RTU Herbicide is highly active as a herbicide, is water soluble, can move with surface runoff water, and can remain phylotoxic for a year or more if it gets into the soil. Untreated trees occasionally are affected by root uptake of herbicide leaches into the soil or excreted by the roots of nearby treated trees. If such injury cannot be tolerated, do not use TORDON RTU close to desirable trees.

Do not contaminate cropland, water, or irrigation ditches.

Do not apply on or in the vicinity of sensitive crops of desirable broadleaf plants. Small amounts can cause injury to plants.

Do not allow careless application or spray drift. Do not permit any spray or spray drift to contact desirable plants. Use only gravity flow or very low spray pressure.

Do not remove product from original container except to apply as indicated under USE DIRECTIONS

Do not store near food, feedstuff, fertilizer, seeds, insecticides, fungicides, or other pesticides.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal

Pesticide Disposal: Pesticide wastes are toxic Improper use of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Do not reuse containers of TORDON RTU herbicide for any purpose. Puncture and dispose of in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke. Rinse application and handling equipment thoroughly after use at least three times with clean water. Dispose of rinse water by burying in a non-cropland area away from water supplies Where indicated, follow official local container disposal regulations.

Be sure that use of this product conforms to all application regulations

### WARRANTY LIMITATIONS AND DISCLAIMER

The Dow Chemical Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions therein under normal conditions of use. THIS IS THE ONLY WARRANTY MADE ON THIS PRODUCT. NO OTHER EXPRESS AND NO IMPLIED WARRANTY OF MERCHANTABILITY OR FIT-NESS FOR A PARTICULAR PURPOSE IS MADE OUTSIDE OF THIS LABEL. Therefore, neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions (including conditions noted on the label, such as unfavorable temperatures, soil conditions, etc.), under abnormal conditions (such as excessive rainfall, drought, tornadoes, hurricanes, etc.) or under conditions not reasonably foreseeable to or beyond the control of seller

When buyer or user sulfers losses or damages resulting from the use or handling of this product (including claims based on contract, negligence, strict liability, or other legal theories), buyer or user must promptly notify in writing The Dow Chemical Company of any claims to be eligible to receive either remedy given below. The EXCLUSIVE REMEDY OF THE BUYER OR USER and the LIMIT OF LIABILITY of The Dow Chemical Company or any other seller will be one of the following, at the election of The Dow Chemical Company:

- Refund of purchase price paid by buyer or user for product bought, or
- (2) Replacement of amount of product used.

The seller will not be liable for consequential or incidental damages or losses.

The terms of this Limit of Warranty and Liability cannot be varied by any written or verbal statements or agreements. Any employee or sales agent of the seller is not authorized to vary or exceed the terms of this Warranty Limitations. And Disclaimer in any manner.
