Dursban[®] WT

insecticide
wood treatment concentrate

For Control of
Wood-Infesting Insects in Lumber and Logs

For Industrial and Commercial Use Only

ACTIVE INGREDIENTS:

Chlorpyrifos [0,0-diethyl 0 (3,5,6-trichloro 2 pyridyl)phosphorothioate] 44.4%
Xylene range aromatic solvent 47.7%

INERT INGREDIENTS: 7.9%

Contains 4 pounds of chlorpyrifos per gallon
EPA Registration No. 464-591 EPA Est. 464-MI-1

PRECAUCION AL USUARIO: Si usted no lee inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente.

TRANSLATION: (TO THE USER: If you cannot read English, do not use this product until the label has been fully explained to you.)

KEEP OUT OF REACH OF CHILDREN

WARNING

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals
MAY BE FATAL IF SWALLOWED • MAY BE ABSORBED THROUGH SKIN • MAY BE INJURIOUS TO EYES AND SKIN

Do Not Take Internally • Do Not Get in Eyes, on Skin, or on Clothing • Avoid Breathing Vapors and Spray Mist • Wash Thoroughly After Handling and Before Eating or Smoking • Do Not Wear Contaminated Clothing or Shoes

Statement of Practical Treatment

If **swallowed:** Do not induce vomiting. Contains aromatic petroleum solvent. Call a physician immediately. If **On Skin:** In case of contact, remove contaminated clothing and immediately wash skin with soap and water. If irritation persists get medical attention. If **In Eyes:** Flush eyes with plenty of water for 15 minutes. Call a physician. If **Inhaled:** remove to fresh air.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is an antidote.

Environmental Hazards

This product is highly toxic to bees exposed to direct treatment or residues on plants. Protective information may be obtained from your Cooperative Agricultural Extension Service.

DURSBAN WT is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes.

Physical or Chemical Hazards

COMBUSTIBLE: Do Not Use or Store Near Heat or Open Flame

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Treatment of Preconstruction Lumber and Logs

General Information: DURSBAN WT insecticide can be diluted with water or suitable base oil. To prepare the spray, dilute DURSBAN WT as shown in the following Spray Dilution Chart.

Spray Dilution Chart

Gallons of Spray Mixture Desired	Gallons Of DURSBAN WT To Use	
	0.5% Spray	1.0% Spray
Oil or Water-Based Sprays		
50	1/2	1
100	1	2
250	2 1/2	5
500	5	10
1000	10	20

Directions for Application

To protect unseasoned or seasoned lumber and logs from wood destroying insects, such as termites, carpenter ants and beetles (ambrosia, powder post, old house borers and others) totally treat wood with a 0.5% or 1.0% dilution of chlorpyrifos. This dilution can be applied by various methods including spraying, brushing, dipping and pressure treatment. Frequent monitoring of dip and pressure systems are necessary to insure that the desired level of chlorpyrifos is maintained. Wood can be safely handled after treatment when dry.

- For dip treatments, the wood should be totally submerged in the dilution until thoroughly wet and then allowed to dry in a suitable location. Dipping solutions to which DURSBAN WT has been added should be agitated before use if left unused for long periods of time. Sediment, debris and other deposits should be periodically cleaned from the tank.
- For pressure treatments, the wood should be placed in the treatment chamber, the chlorpyrifos dilution added and the system pressurized up to 250 psig for up to 1 hour depending on the density and type of wood treated. After the pressure is released and the system drained, the wood should be placed in a suitable location for drying.
- For spray treatments, the wood should be sprayed thoroughly including back and ends.
- For brush treatments, all parts of wood surfaces should be thoroughly treated.

STORAGE AND DISPOSAL

Prohibitions: Do not contaminate water, food or feed by storage or disposal.

Pesticide Disposal: Pesticide, spray mixture or rinse water that cannot be used according to label instructions must be disposed of according to applicable Federal, state, or local procedures.

Container Disposal: Triple rinse (or equivalent) then offer for recycling or reconditioning, or dispose of in a sanitary landfill or by incineration if allowed by State and local authorities.

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
