## RED SPIDER DUST

S-16-67  
468-19

### CAUTION

Keep out of the Reach of Child or  
See Back Panel for Additional Cautions

For good control and favorable weather conditions, use the control of Red Spider Dust. The Red Spider Mite usually attacks plants during the summer months and is a difficult pest to control.

#### ADVANTAGES

- 1. Kills the mite on contact.
- 2. Does not harm the plant.
- 3. Does not harm beneficial insects.
