Pre-Emergence
CRABGRASS CONTROL
contains BALAN*

Kills Crabgrass
(also other grassy weeds)

(10 pt. type) CAUTION
(12 pt. type) KEEP OUT OF REACH OF CHILDREN
See back panel for additional caution statements.

ACTIVE INGREDIENTS:

*N-butyl-N-ethyl-a,a,a-trifluoro-2,
6-dinitro-p-toluidine 0.86%

INERT INGREDIENTS:

*BALANTM--The trademark for Blanco Products
benefin 99.14%

Net wt. 10 lbs.
Treats 2500 sq. feet

(back panel)

New BALANTM kills crabgrass--foxtail--barnyard grass--by effectively killing
the sprouting seeds.

CONVENIENT & ECONOMICAL--One springtime application saves time, work and
money. This product will not damage Bluegrass, Ryegrass, Fescue, Zoysia,
Bermuda, St. Augustine and Centipede grass turfs when applied as directed.
Do not apply to bent grass turfs. Do not apply to completely new lawns
started the previous fall. Instead, use CRABGRASS CONTROL BROADLEAF WEED KILLER
in June or July.

WHEN TO APPLY: Apply CRABGRASS CONTROL in the spring before crabgrass
germinates. Do not sow grass seed for 42 days after application.

HOW TO APPLY: It is important that CRABGRASS CONTROL be applied evenly
over your lawn without skips or misses. Determine the correct amount for
your lawn area. Do not over-apply or under-apply. The contents of one bag
should be applied for every 2500 sq. ft. of lawn area (for example, 50 x
50 = 2500 sq. ft). If your lawn measures 50 x 100 (or 5000 sq. ft) 2 bags
are sufficient.

1. Using a GREENFIELD Model 105 Spreader setting of 7 (calculated)

1. Using a GREENFIELD Model 105 Spreader setting of 7 (calculated to apply at one-half rate), spread one-half of the required amount for your lawn, moving at a steady rate in one direction.
2. Spread the other half of the required amount over the same area moving across or at right angles to the first application. (This minimizes skips and overlaps, insuring good coverage). When turning or stopping spreader, spreader gate should be closed.

SPREADER SETTINGS

The settings listed below are calculated to apply CRABGRASS CONTROL at one-half rate, as directed above. Check application rate of your spreader before applying. Settings may vary with type, age and condition of spreader.

Spreader	Setting	Spreader	Setting
GREENFIELD Model 105	7	Jackson Model 200-21	6
Lawn Beauty	4	Vaughan	4
Sears	7	Modern	4
Scott models 35-3 & 35-8	5 1/2	Ace (dial on hopper)	7

 For most accurate coverage,
 apply with GREENFIELD Model
 105 Automatic Marking Spreader

CAUTION: May be harmful if swallowed. Avoid contact with skin. Avoid contamination of foodstuffs, feeds and liquids. Wash thoroughly with soap and water after using.

NOTE: Seller's guarantee shall be limited to the terms of the label, and subject thereto the buyer assumes any risk to persons or property arising out of use or handling and accepts the product on these conditions.
