

KEEP DRY

CAUTION: Avoid inhalation and skin contact. If spilled on skin, wash with soap and water. Avoid contamination of feed and foodstuffs. Dust should be placed only in areas inaccessible to children and pets. Do not use on plants or in wet places.

Keep out of reach of children.

DIRECTIONS FOR USING

ANTS: Sprinkle powder around wherever Ants are found, in cracks, crevices and other hiding places. Also sprinkle around cupboards, coolers or wherever food is kept but avoid contamination of food. Apply freely across Ant trails or where pests are entering the house. Sprinkle the powder in and around the entrances of Ant hills. Do not use in wet places. Repeat as often as necessary.

ROACHES and SILVERFISH: Sprinkle powder on infested baseboards, shelves, and in infested drawers and under lining papers where roaches and silverfish have been crawling when they come out of hiding.
