13/1

ACCEPTED
NOV - 4 1987
Insecticide,
Rodenticide Act,
for the pesticide
registered under
EPA Reg. No. 475-138

ACTIVE INGREDIENTS: 2-(1-methyl-2-propenyl)phenyl methylcarbamate** 0.50%,
2,2-dichlorovinyl dimethyl phosphate (DDVP) 0.180% and 0.014% related
compounds.
INERT INGREDIENTS: 99.30% **U.S. Patent #3,111,539

CAUTION: KEEP OUT OF REACH OF CHILDREN
Read precautions and directions on back before use.

NET 15 FL OZ 443mL

BLACK FLAG® LIQUID ANT AND ROACH KILLER

• Contains BAYGON® for fast, long-lasting killing action • Starts killing on contact • Insect killing power lasts two weeks • Effective against resistant crawling insects listed below

FOR HOUSEHOLD USE ONLY

DIRECTIONS: Spray or paint surfaces with damp. Thorough applications produce a coating which will vaporize into cracks and crevices and into the room for insect control. If reinfestations occur repeat applications as necessary.

1. **ROACHES, RESISTANT ROACHES, PALMETTO BUGS, WATERBUGS, CRICKETS, CENTIPEDES, SILVERFISH, FIREBRATS, SCORPIONS AND SPIDERS:** Spray directly on insects when possible. Thoroughly spray cracks, crevices, baseboards, underneath chairs, tables, kitchen shelves, cabinets, sinks, refrigerators, around garbage containers and around points of entry such as window frames.
2. **ANTS, CLOVER MITES, SAWFLIES AND EARWIGS:** Spray door sills, window frames, outside foundations and porches. Spray directly on ant hills and on swimming ants outdoors.
3. **FLIES, MOSQUITOES, GNATS AND WASPS:** Apply on screens, walls, door and window frames, light fixtures, and other outdoor surfaces where insects congregate.
4. **PAPER NEST WASPS AND MUD DAUBER WASPS:** Apply a wet spray to the nests after dark when all pests have returned to their nests.
5. **BROWN DOG TICKS:** Thoroughly spray cracks, crevices and areas where pets normally lie down. Do not spray on pets. Allow the sprayed areas to dry thoroughly. Replace bedding before permitting use by animals. For dog kennels, apply to outside runways, window sills and ledges.

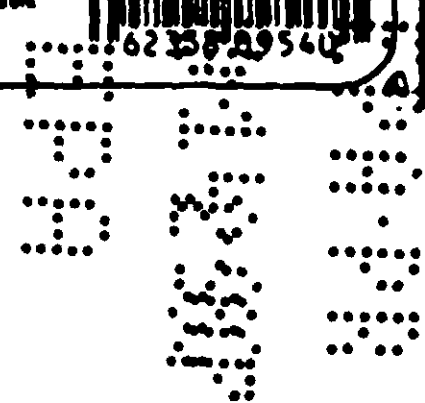

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. If swallowed, call physician immediately. **NOTE TO PHYSICIAN** - arsenic is antitoxin. Avoid breathing spray mist and contact with skin, eyes and clothing. Provide adequate ventilation of area being treated. Do not use as a space spray. Do not apply to humans, pets or contaminated food, food stuffs, dishes or utensils. Wash thoroughly with soap and water after use. Remove shoes and cover feet before spraying. Do not allow children or pets on treated areas until dry. Keep out of reach of children.

COMBUSTIBLE MIXTURE: Do not spray near or near open flame. Store in a cool place not above 100°F. Avoid excessive wetting of plastic, vinyl or asphalt tile floor surfaces.

Do not reuse empty container. Wrap container and put in trash collection.
