FRONT LABEL

**shine
& Shield™**

**DEODORIZING
FLOOR CLEANER-SHINER
CONTROLS GERM GROWTH**

New Shine & Shield **CLEANS, SHINES** and **CONTROLS GERM GROWTH**, everytime you damp mop your floor. Shine & Shield is a special formulation of effective cleaning agents, a brilliant and long-lasting finish and a broad spectrum bacteriostat that inhibits the growth of odor causing germs, in the presence of moisture. Shine & Shield is for all floors: vinyl, linoleum, asphalt, tile, vinyl-asbestos, rubber, flagstone, marble, terrazzo, sealed wood and "no wax" floors.

DIRECTIONS FOR HOME USE

Sweep or vacuum the floor. Squeeze bottle and apply Shine & Shield with a clean wrung-out damp mop, spreading evenly over the area, rubbing extra-soiled areas. Rinse mop when dirty. Allow floor to dry for 20 minutes. For an even brighter shine or for old porous floors, apply a second coat after drying. Always rinse out container before discarding.

SOME HELPFUL HINTS

1. For the first application of Shine & Shield, sweep or vacuum the floor. Then remove old wax, using Aero® Acrylic & Wax Remover or any other good floor cleaning preparation, following directions on the package. Rinse thoroughly with clean water to remove all traces of cleaning solution. Allow floor to dry for 20 minutes prior to applying Shine & Shield.
2. Before storing be sure to rinse mop thoroughly.
3. A little Shine & Shield and a scrubbing pad easily picks up black heel marks.
4. Do not use Shine & Shield on unsealed wood or cork floors.
