Sani-Flush®

Helps keep your toilet bowl cleaner and odor free between cleanups. Works automatically with every flush to help bowl look cleaner 24 hours a day. The blue water means Sani-Flush is working for you. Good for 300 flushes — active against even the toughest odor causing bacteria found in the toilet. For best results, start with clean bowl—use Sani-Flush Granular or Liquid Bowl cleaner.

Used as directed, Anti-bacterial Sani-Flush Toilet Cleaner and Deodorizer can be used for rinsing diapers in the toilet bowl before laundering. Solution is harmless to equipment and septic tanks. Easily installed, hangs out of sight.

Directions: 1. Remove tank lid. Bend metal clip to make hook, as shown. 2. Hold bottle upright over tank, remove cap, turn upside down, hook securely inside tank as shown, clear of moving parts. 3. Rinse out container before discarding. 4. For complete bacteriostatic action, clean under rim with toilet bowl brush.

CAUTION: May be harmful if swallowed. Avoid contact with eyes. Avoid contamination of food. In case of eye contact flush thoroughly with water. Do not use, spit or store near heat or open flame.
