ROACHES**

with
BAYGON

NET WT. .529 OZ. (15 GRAMS) Per Trap

PUNCH IN SIDE HOLES
USE KNIFE OR SIMILAR INSTRUMENT

ROACHES ENTER HOLES TO FEED-RETURN TO NESTS TO DIE

DIRECTIONS

Place trap where roaches are numerous—under sinks, behind refrigerators, in cupboards, in closets, near baseboards, shelves and other areas where roaches hide. Use 2 or 3 traps for each area. Roaches feed at night and return to hiding places to die.

CAUTION — Harmful if swallowed or absorbed thru skin. Do not get on skin, in eyes, or on clothing. Wash with soap and water after use. Do not contaminate feed or foodstuffs. Do not use in edible product areas of food processing plants. Place traps only in areas inaccessible to children and pets.

If poisoning occurs, get prompt medical aid. Atropine sulphate is antidotal.

ACTIVE INGREDIENT: o-Isopropoxyphenyl methylcarbamate* 2%
INERT INGREDIENT 98%
TOTAL 100%
