

**BLACK
FLAG****BLACK FLAG OUTDOOR FOGGER**

The powerful formulation of Black Flag Outdoor Fogger makes patios, backyards, and other unscreened areas more pleasant. It will kill flying insects up to 20 feet away. It repels flies, mosquitoes, gnats, and ants. It will also kill stinging and crawling insects such as yellow jackets, wasps, hornets, crickets and centipedes.

KILLS UP TO 20-FEET AWAY in mild breeze

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

STORAGE: Store in a cool area away from children. Do not store near heat or flame.

DISPOSAL: Do not reuse empty container. Wrap and put in trash.

Shake well before each use. Spray only in upright position

For Flying Insects: Spray bushes or grass in the direction of the breeze from a distance of 4-6 feet so that the fog will drift over the area to be treated. Give special attention to areas where insects breed, feed or rest - garbage cans, compost piles and areas adjacent to patios. Spray over patio or picnic area shortly before use. Repeat as necessary.

For Crawling Insects: Ants, crickets, centipedes. Spray surface of patio or picnic areas well before using, hitting as many insects as possible. Spray in short burst of 2 seconds for control of Brown Recluse and Black Widow Spiders. Also spray legs of tables and chairs to repel crawling insects. For most effective ant control spray ant trails and hills. Repeat as necessary.

For Asian Roaches: Spray from a distance of 4 feet over bushes, grass, fallen leaves and other areas where insects are known to feed or rest.

PRECAUTIONARY STATEMENTS**HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Do not spray toward face. Avoid breathing spray mist. Cover or remove or avoid foods and food contact surfaces when spraying. Do not spray on humans or pets. Avoid contamination of fish ponds. Spray ornamentals from 4 to 6 feet away.

PHYSICAL & CHEMICAL HAZARDS

FLAMMABLE. CONTENTS UNDER PRESSURE. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish. Do not apply directly to water or wetlands (swamps, bays, marshes, and potholes). Drift and runoff from treated sites may be hazardous to fish and wildlife.
