CONCENTRATED TO LAST LONGER

Helps keep toilet bowl cleaner and odor free between cleanups. Works automatically for 400 flushes. Active as a bacteriostat against even the toughest odor causing bacteria found in the toilet.

For best results start with a clean bowl—use Sani-Flush Granular or Liquid Bowl Cleaner.

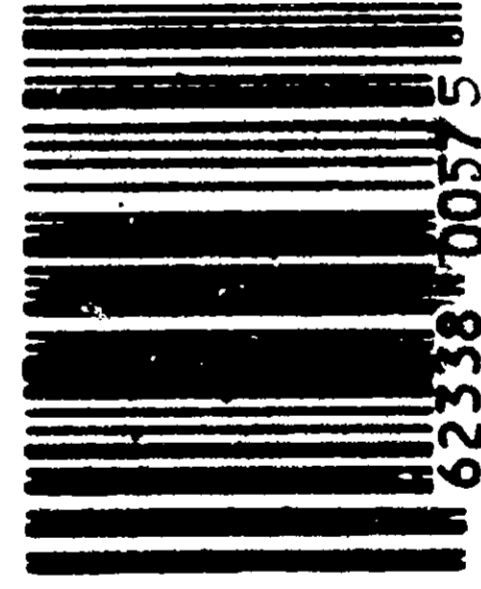

Used as directed, bacteriostatic Sani-Flush Solid Toilet Bowl Cleaner And Deodorizer can be used for rinsing diapers in the toilet bowl before laundering. Solution is harmless to equipment and septic tanks.

DIRECTIONS: Hang dispenser inside flush tank, with top portion of dispenser below water line. Blue water flows after flushing. Brush bowl lightly to assure best cleaning results. For complete bacteriostatic action, clean under rim with toilet bowl brush.

CAUTION: Rinse container thoroughly before discarding.
