JUN 19 1991

Subject: Resubmission of Label  
Black Flag Flying Insect Killer  
EPA Registration No. 475-179  
Submission Date May 20, 1991

Dear Ms. King:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records. Please note the following comments below.

1. You may propose the change in signal word by filing an application to amend this registration (form 8570-1), properly filled out and supported with appropriate data. If the studies referred to with this submission have been previously submitted / reviewed, cite the identifier numbers. You did not include reference to acute dermal or skin sensitization studies with this submission.

2. The revised CONFIDENTIAL STATEMENT OF FORMULA dated May 20, 1991 is acceptable and has been added to your file.

Sincerely,

*RFM* Richard F. Mountfort  
Product Manager (10)  
Insecticide-Rodenticide Branch  
Registration Division (H7505C)

**BLACK FLAG® FLYING INSECT KILLER**

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

**STORAGE AND DISPOSAL**

**Storage:** Do not store near heat or open flame

**Disposal:** Wrap container and place in trash collection. Do not incinerate

**Directions:** Shake well before using. Lift off protective cap. Point valve opening away from your face. Hold can in upright position. Press button firmly to spray.

**FOR HOUSEHOLD USE**

**To Kill Flying Insects**

	<b>FLIES</b>	Spray directly on flying insects for best action. Avoid spraying directly at yourself or others. To enter a room, spray around doorway and doors. Spray openings with evening meal. 6-7 sprays for average 10 x 12 room. Repeat spray for 2 hour 15 minute. This lot of sprays have re-spraying.
