Read warnings and directions on back before use

ANT and ROACH KILLER
CAUTION - COMBUSTIBLE MIXTURE

Do not spray near fire or open flame. Do not smoke while spraying. Do not use as a space spray. Keep out of reach of children

CAUTION: Harmful if swallowed. Avoid contamination of feed and food stuffs. Avoid inhalation and skin contact. Wash thoroughly after using. Do not use on household pets and humans. Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Remove birds and cover fish bowls when spraying. Avoid excessive wetting of plastic, vinyl or asphalt tile.

WARNING: Contents under pressure. Do not store or use near heat or open flame. Do not puncture or incinerate container. Exposure to sunlight or temperatures above 120°F may cause bursting.

Black Flag Ant & Roach Killer contains vaporizing DVP and residual diazinon insecticides. Kills insects three ways—when sprayed, by penetrating vapors and residual action—keeps on killing for four weeks.

DIRECTIONS

IMPORTANT—HOLD CONTAINER ONLY IN UPRIGHT POSITION TO SPRAY! Shake well before each use. Direct spray from face. Hold container 6 to 12 inches from surfaces and spray at the rate of 1 foot per second or until surfaces are wet. If re-infestations occur, repeat applications as necessary.

ROACHES, WATERBUGS, CRICKETS AND CENTIPEDES: Thoroughly spray cracks, crevices, baseboards underneath chairs, tables, kitchen shelves, cupboards, sinks, refrigerators around garbage containers and all places where insects habitate.

ANTS: Spray ant trails, door sills, window frames and other places where ants may enter. Spray directly on ant hills. Spray directly on swarming ants outdoors only.

CLOVER MITES, BOXELDER BUGS, EARWIGS, SOWBUGS: Spray window, door sills and other points of entry. Apply to outside foundation and porches to ground level. Spray clustered boxelder bugs.

FLIES, MOSQUITOES, GNATS, WASPS, FLYING MOTHS AND OTHER SMALL FLYING INSECTS: Apply on screens, walls, door and window frames, light fixtures and other outdoor surfaces where insects congregate.

PAPER NEST WASPS AND MUD DAUBERS: Apply a wet spray to the nests after dark when all pests have returned to their nests.

SCORPIONS, BLACK WIDOW AND OTHER SPIDERS: Spray directly on pests when possible. Treat surfaces of garages and out buildings where pests hide or congregate. Spray points of entry such as window sills and along crevices.

SILVERFISH, FIREBRATS AND CARPET BEETLES: Apply to cracks, baseboards, behind shelving, bookcases and other storage areas. Apply underneath and around the edges of carpets.

BROWN DOG TICKS: Thoroughly spray cracks, crevices and areas where pets normally lie down. Do not spray on pets. Allow the sprayed areas to dry thoroughly. Replace bedding before permitting use by animals. For dog kennels, apply to outside runways, window sills and ledges.

ACTIVE INGREDIENTS: 91.890% 0,0-diethyl 0-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate 0.500%, 2,2-dichlorovinyl dimethyl phosphate 0.186% and 0.014% related compounds, petroleum distillates 91.190%

INERT INGREDIENTS: 8.110%

MONEY BACK GUARANTEE: The makers of Black Flag guarantee this product to kill the insects listed when used as directed. If not completely satisfied, return partly used container to factory for full refund.
