FOR ECONOMIC POISON REGISTERED
UNDER NO.

Sani-Flush has an exclusive formula with "blue bubbling action" so strong it removes stains, rust and stubborn bowl deposits. Disinfects and kills most household bowl germs, even staph germs. Leaves toilet bowl sparkling clean and sanitary.

CLEANS, DISINFECTS AND DEODORIZES!

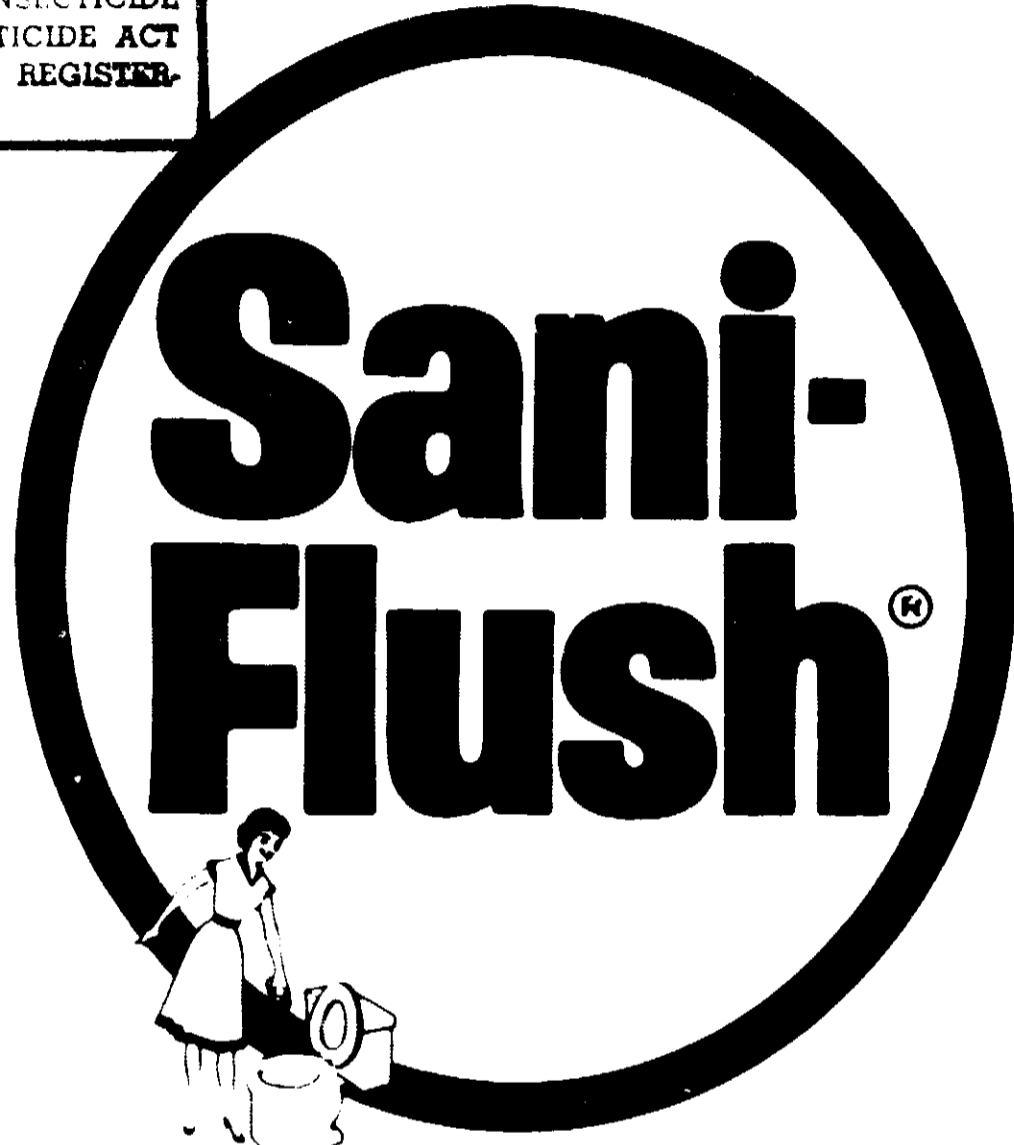

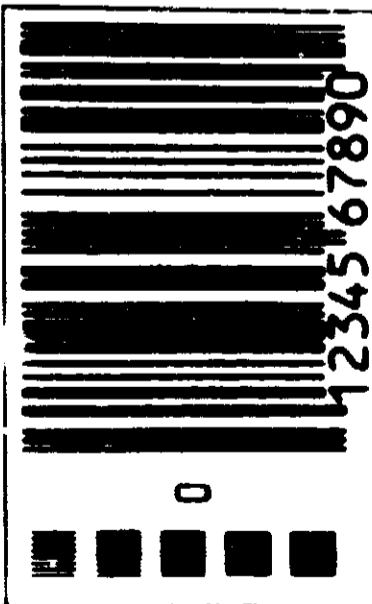

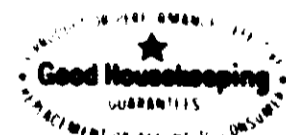

TO CLEAN, DISINFECT—Flush toilet to wet bowl. Shake 1/2 cup of Sani-Flush around the bowl sides and in the water. Let stand until foam is gone. Brush solution around bowl and flush. Household germs are dead. Repeat twice weekly for thorough cleanliness.

TO REMOVE STUBBORN BOWL STAINS—For hard water stains and incrustations, follow steps above. Then pour Sani-Flush freely over remaining stains and in water. Let stand for several hours or overnight. Brush thoroughly and flush. This procedure also cleans trap or outlet which cannot be reached by brush or mop

Use Sani-Flush weekly to keep toilets stain-free and sanitary. For toilet bowl use only, won't harm septic tanks or plumbing. Safe for all porcelain toilets (white and colored). Do not use on bathtubs, washstands, sinks or any other enameled or metal fixtures.
DANGER: CONTAINS SODIUM BISULFATE - HARMFUL IF SWALLOWED
Damaging to eyes. Irritating to skin. Keep out of reach of Children. Do not get in eyes, on skin or clothing. Do not use with chlorine type bleaches, as harmful fumes may result. Do not reuse container. Destroy when empty.
FIRST AID: EXTERNAL—Flood the surface with water, using soap freely, then cover with moist Magnesia or Baking Soda. If splashed in eyes, wash thoroughly with water. CALL PHYSICIAN
INTERNAL—Give Milk of Magnesia, chalk or whiting suspended in much water, milk or raw egg white. CALL PHYSICIAN
KEEP IN DRY PLACE - REPLACE CAP PROMPTLY AFTER USING
