Sani-Flush®

LIQUID DISINFECTANT
TOILET BOWL CLEANER

**Removes Stains, Disinfects and Deodorizes
with Chemical and Scouring Action**

DANGER KEEP OUT OF REACH OF CHILDREN

See first aid and additional precautions on back panel

NET 24 FL. OZ. (1½ PTS.)

ACTIVE INGREDIENTS: Hydrogen Chloride 7.00%, Oxalic Acid 2.00%, n-Alkyl (60% C₁₄, 30% C₁₆, 5% C₁₂, 5% C₁₈), dimethyl benzyl ammonium chlorides 0.10%, n-Alkyl (68% C₁₂, 32% C₁₄) dimethyl ethylbenzyl ammonium chlorides 0.10%.

INERT INGREDIENTS: (Includes scouring and polishing agents in an aqueous base) 90.80%.

Sani-Flush® LIQUID DISINFECTANT TOILET BOWL CLEANER

Liquid Disinfectant Sani-Flush with Scouring Action cleans, disinfects, and deodorizes toilet bowls with dual cleaning action. Chemical action to remove stains and kill most common household germs (even staph germs), in the bowl. Scouring action to help remove rust and hard water stains. Leaves your bathroom smelling fresher and cleaner.

DIRECTIONS

To Clean & Disinfect: Shake gently before using. To open safety cap, read directions on cap. Squeeze bottle and direct Sani-Flush to coat inside of bowl, including under the rim. Use at least one-half cupful (4 oz.) or approximately 20 seconds of squeezing. Brush bowl and let stand for 15 minutes before flushing. For badly stained bowls, squeeze a generous amount directly on stains and leave Sani-Flush in bowl for 15 minutes then brush and flush.

Close Cap Securely After Each Use. Rinse brush in fresh water after use. When bottle is empty, rinse thoroughly with water and discard.

Regular use of Sani-Flush keeps white or colored bowls stain free, sanitary, sparkling and bright. Sani-Flush should be used for toilets only. Do not use on bathtubs, sinks, or any other enameled or metal fixtures. Safe for porcelain toilets, plumbing and septic tanks. Contains no phosphates.

DANGER: KEEP OUT OF REACH OF CHILDREN. CONTAINS HYDROCHLORIC ACID and OXALIC ACID-CORROSIVE. May be fatal or harmful if swallowed. Do not get in eyes, on skin, or on clothing. Produces chemical burns. Do not breathe vapor or fumes. Do not use with chlorine type bleaches as harmful fumes may result.

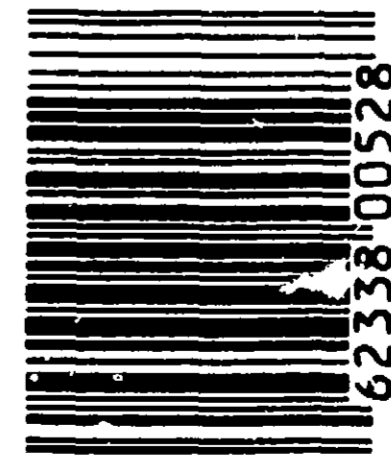

FIRST AID—EXTERNAL—Wipe off acid gently. Flood the surface with water, using soap freely, then cover with moist Magnesia or Baking Soda. If splashed in eyes, wash thoroughly with water for 15 minutes. **CALL PHYSICIAN.**

FIRST AID—INTERNAL—Give milk of magnesia, chalk or whiting suspended in much water, milk or raw egg white. **CALL PHYSICIAN.**

**CLOSE SPOUT PROMPTLY
AFTER USING.**

Sani-Flush®

LIQUID TOILET BOWL CLEANER

Liquid disinfectant Sani-Flush cleans, disinfects, and deodorizes toilet bowls with scouring action. Thick Formula Sani-Flush clings longer to stains above the water line for better cleaning. And Sani-Flush kills most common household germs, even staph germs while it removes rust and other bowl stains. Leaves your bathroom smelling fresher and cleaner.

DIRECTIONS

To Clean & Disinfect: Shake gently before using. To open safety cap, read directions on cap. Squeeze bottle and direct Sani-Flush to coat inside of bowl, including under the rim. Use at least one-half cupful (4 oz.) or approximately 20 seconds of squeezing. Brush bowl and let stand for 15 minutes before flushing.
