FLYING INSECT KILLER FORMULA II KILLS BUGS FAST

- ☐ Kills down insects fast ☐ Kills insects fast

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Avoid breathing vapors. Avoid contact with skin. In case of contact, immediately flush skin with plenty of water.

Do not use in commercial food processing, preparation, storage and serving areas. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Cover or remove exposed food.

Remove pets, birds and cover fish aquariums before spraying.

PHYSICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

FOR HOUSEHOLD USE ONLY

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Storage: Store in a cool area away from heat or open flame.

Disposal: Wrap container and put in trash collection.

SHAKE WELL BEFORE USING. SPRAY IN UP-RIGHT POSITION: To spray, look into hole on top of cap and turn until white mark appears. Point valve opening away from your face. Hold can upright at a distance of at least 4 ft. from all objects to be sprayed. Press button firmly to spray.

To Kill Flying Insects: For flies, mosquitoes, small flying beetles, gnats, hornets, wasps. Spray directly on flying insects for fast action. To clear a room, close windows and doors. Spray corners and ceiling. Empty can. Hold with one (5-10 seconds for average fly, 15-20 sec. for wasp) for at least 5 ft. away from or on insects before re-spraying.

To Kill Crawling Insects: For cockroaches, ants, crickets, sowbugs, centipedes, fire-bugs, spiders.

Spray directly on insects where possible. Thoroughly spray in hiding places such as cracks, crevices, behind baseboards, under furniture and carpets. Repeat as necessary. In all cases, close doors, windows, screens, etc. and other areas of entry. Repeat as necessary.

To Kill Carpet Beetles

Directly spray on every insect in colonies. Spray both sides of and between all articles of furniture. Back the and bottom of rug and carpets should be sprayed thoroughly. Also treat skirting boards, areas under furniture and wherever these insects are seen or suspected. Repeat as necessary.

To Kill Fleas and Brown Dog Ticks

Remove and destroy pet cat bedding. Spray sleeping quarters of pet around headboard, window and door frames, under chairs and other areas of floors. Repeat as necessary. Do not spray animals. Pet from bedding in pet quarters after spray has dried. Also treat dogs and cats with a registered flea and tick control product before allowing them to enter treated area.
