| | NAME OF PESTICIDE PRODUCT SANT-FLUSH TRUCK FLUIDITY MAINTENANCE TOILET BOWL CLEANER | |

NOTICE OF PESTICIDE: REGISTRATION
 REREГИSTRATION
 (Under the Federal Insecticide, Fungicide
 and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Boysen Inc.,
 2001 E. Franklin Ave.,
 Denver, CO 80202

NOTE: Changes in labeling formula, lettering or substance from that accepted in connection with this registration must be submitted to, and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or annul the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

ATTACHMENT TO EPA REGISTRATION NOTICE

EPA Registration No. 475-250 Date issued DEC 5 1985

Company Name Boyle-Midway, Inc.

Product Name SANI-FLUSH THICK LIQUID DISINFECTANT TOILET BOWL CLEANER

The following requirements or revisions apply to the label which was accepted with this registration notice:

1. The registration number which has been assigned to this product must appear on the label as EPA Registration No. 475-250.
2. The labels which will be used for this product in channels of trade must reflect these revisions.
3. Five copies of the finished printed labels, as identified in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PR Notice 82-2 of June 18, 1982.
4. The finished printed labels must comply with the general labeling requirements of Section 162.10 of Title 40 of the Code of Federal Regulations. If the label does not satisfy these requirements, it will be rejected.

PROPOSED REVISED LABEL COPY (continued)

Sani-Flush Thick Liquid Disinfectant Toilet Bowl Cleaner (475-ELN)

Submitted by Boyle-Midway, Inc. on September 12, 1985

(BACK PANEL)

New Sani-Flush Thick Liquid has a special bottle and spout designed to reach directly under the rim for complete toilet bowl cleaning. Thick Liquid clings to the side of the bowl to improve cleaning and disinfecting action. Cleans rust, soil, and mineral deposits as it kills household germs. Use weekly to keep toilets stain-free and sanitary. Safe for septic tanks and plumbing. Use on toilet bowls only. Do not use on enameled or metal fixtures such as bathtubs, washstands and sinks.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

To open child resistant spout - Push back and down on ridge at base of spout and open spout completely to full vertical position. After each use, push spout down as far as it will go.

Toilet Bowls: Regular Use - Lower bottle into bowl so the nozzle is below the toilet bowl rim. Squeeze bottle gently in order to determine direction of the spray. Apply at least 4 ounces of Sani-Flush Thick Liquid up and under the rim and all around the inside of the bowl.

Apply a small amount of Sani-Flush Thick Liquid to brush as well. Scrub all areas, then flush. For badly stained bowls, re-apply Sani-Flush Thick Liquid to all areas, and let stand for several hours or overnight before brushing.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

ANGER: Corrosive. Harmful if swallowed. May cause chemical burns. Do not get in eyes, on skin or clothing. Wear safety glasses or other protective eyewear and rubber gloves when handling. Do not use with chlorine type products or mix with other cleaners or chemicals -- harmful fumes may result.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Rinse mouth. Drink one or two glasses of water or milk. DO NOT induce vomiting. Call physician.

If in eyes: Flush eyes with plenty of water for 15 minutes. Call physician.

If on skin: Wash with plenty of soap and water. Call physician if irritation persists.

STORAGE AND DISPOSAL

Do not reuse empty container. Wrap container and put in trash.
