Ms. Filomena King
Reckitt & Colman Household Products
1655 Valley Road
Wayne, NJ 07474-0941

Dear Ms. King,

Subject: Alternate Confidential Statement of Formula and
Additional Label Claims
Black Flag Fogger IV
EPA Registration Number 475-286
Your Submission Dated December 19, 1991 and
January 14, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

1. Delete the words "so" and "most stubborn" in the sentence beginning "They're so thorough and effective..."
2. On back panel add "feed" to the phrase "Do not use in commercial food/feed processing ..."
3. Under Directions for Use, expand the phrase to read, "Cover or ~~remove~~ exposed food, dishes, etc."

The new pests should be added to the front panel.

We assume the labeling for alternate container sizes will reflect coverage proportional to the size of the unit, i.e., 1 unit treats up to 12,000 cubic feet for the 12 oz. container size.

The alternate Confidential Statement of Formula (CSF) referred to above is acceptable and has been made a part of the record for this product.

Submit five copies of your final printed labeling before you release the product for shipment. A stamped copy of the labeling is enclosed for your records.

Sincerely,

George T. LaRocca
Product Manager (13)
Insecticide-Rodenticide Branch
Registration Division (H7505C)

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: May be harmful if swallowed, inhaled, or absorbed through the skin. Avoid inhalation of vapors and contact with skin, eyes, or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists. Avoid contamination of food or feedstuffs.

Do not use in commercial food processing, preparation, serving, or storage areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food.

Remove pets, birds, and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT

- If swallowed: Call a physician or Poison Control Center.
- If in eyes: Flush with plenty of water. Get medical attention if irritation persists.
- If on skin or clothing: Remove contaminated clothing. Wash skin with soap and warm water. Get medical attention if irritation persists.
- If inhaled: Remove victim to fresh air and call a physician if effects occur.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

BACK LABEL cont.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
SHAKE WELL BEFORE USE. KEEP CONTAINER UPRIGHT.

This product will kill Cockroaches, Houseflies, Confused Flour Beetles, Saw-toothed Grain Beetles, Rice Weevils, Small Flying Moths, Fleas, Ticks, Pill Bugs, Crickets.

[1] Cover exposed food, dishes, and food-handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 5,000 cubic feet of unobstructed area. Use additional units for remote rooms or where free flow of mist is not assured. Do not remain in the area during treatment and ventilate thoroughly before re-entry.

TO OPERATE VALVE: [2] To lock valve in open position for automatic discharge, press the valve button all the way down, hooking the latch. [3] Then place fogger on stand or table in the center of the room with valve locked open, placing several layers of newspaper or pad under fogger. [4] Leave the building at once and keep building closed for four hours before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.

To Kill Ticks and Fleas: Destroy pet's old bedding and replace. Use product as above. Treat dogs and cats with a registered tick and flea control product prior to re-entry.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Storage: Store in a cool, dry area away from heat or open flame. Disposal: Replace cap and discard container in trash. Do not incinerate or puncture.
