PROFESSIONAL POWER LIQUID ROACH & ANT KILLER

Precautionary Statements

Hazards to Humans and Domestic Animals

CARINON: May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and avoid contact with surfaces of eyes being treated. Avoid contact with skin, eyes and clothing. In case of contact immediately flush skin and eyes with plenty of water. Wash thoroughly with soap and water after handling. If poisoning occurs, get prompt medical aid.

Statement Of Practical Treatment

If swallowed: Get medical attention immediately. If you choke or difficulty breathing accompanied clothing. Wash skin with soap and warm water. Get medical attention if contact persists. If in eyes: Flush with plenty of water. Get medical attention if contact persists. **NOTE TO PHYSICIANS:** Chlorpyrifos is a cholinesterase inhibitor. Test approximately 30 minutes, by means, a minimum of 30 days. Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Remove pets, birds and cover fish aquarium before spraying. Do not allow children or pets to enter treated areas until spray has dried.

Physical Hazards: Do not use or store near heat or open flame. **DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL: Store in a cool, dry area away from heat or open flame. Dispose: Do not reuse empty containers. They contain and get in touch with insects. Recycle: Use return or a spot treatment to control cockroaches, earwigs, silverfish, lice, ticks and other insects listed below. Apply the product in a mist spray to treated areas where pests are found or may occur. Spray surfaces will not repeat or smudge.

COCKROACHES, CRACKS, SILVERFISH, SPIDERS & SPIDERWEBS—Spray areas where these pests are found or may hide including cracks, crevices, baseboards, beneath sinks, refrigerators, around points of entry such as window sills, garbage containers and other places where insects hide.

ANTS—Apply around doors and windows, and wherever else ants may enter. Repeat as necessary.
