EPA Reg. No. 475-290

WATER BASED
ROACH & ANT KILLER

Precautionary Statements
Hazards to Humans and Domestic Animals

CAUTION: May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. In case of contact immediately flush skin and eyes with plenty of water. Wash thoroughly with soap and water after handling. If poisoning occurs, get prompt medical aid.

Statement Of Practical Treatment

If swallowed: Get medical attention immediately if on side or clothing. Remove contaminated clothing. Wash skin with soap and warm water. Get medical attention if irritation persists. If in eyes: Flush with plenty of water. Get medical attention if irritation persists. NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine, by injection, is antidote of choice. For Medical Emergency Call: 800-338-6167. Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Remove pets, birds and cover fish aquariums before spraying. Do not allow children or pets to contact treated surface until spray has dried.

Physical Hazard: Do not use or store near heat or open flame.
DIRECTIONS FOR USE: It is a violation of Federal law to use the product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL: Storage: Store in a cool dry area away from heat or open flame. Disposal: Do not reuse empty container. Wrap container and put in trash collection. General: Use indoors as a spot treatment to control cockroaches, waterbugs, silverfish, ticks, fleas and other insects listed below. Apply this product as a coarse spray to localized areas where pests are found or may occur. Spray surfaces until wet. Repeat as needed.

ROACHES, CRICKETS, SILVERFISH, SPIDERS & SOUP-BUGS - Spray areas where these pests are found or may hide including cracks, crevices, baseboards, beneath sinks, refrigerators, around points of entry such as window sills, garbage containers and other places where insects habitate.

ANTS - Apply around doors and windows, and wherever else ants may enter. Repeat as necessary. Please write questions or comments to:
