US ENVIRONMENTAL PROTECTION AGENCY
OFFICE OF PESTICIDES PROGRAMS
REGISTRATION DIVISION (TS-767)
WASHINGTON, DC 20460

EPA REGISTRATION NO.
475-334

DATE OF ISSUANCE
26 FEB 1992

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

TERM OF ISSUANCE
Until Reregistration

NAME OF PESTICIDE PRODUCT
Black Flag Ant and Roach Killer -
Formula C

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Recitt & Colman Household Products
1655 Valley Road
Wayne, NJ 07474-0941

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 475-334."
 - b. Add the heading Physical or Chemical Hazards to the label. Since flash point does not meet criteria for extremely flammable, revise as follows:

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposures to temperatures above 130 °F may cause bursting.

2. Please delete the site window bill from sea bags circulation. The word "new" can be used on label printed for a period of six (6) months from the date of registration.

Both the basic and alternate formulations dated October 16, 1991 and November 12, 1991 respectively are acceptable.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-75 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Black Flag Ant and Roach Killer - Formula C

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid breathing spray. Wash thoroughly with soap and water after handling. Harmful if swallowed. Cover or remove exposed foods. Avoid contamination of cooking utensils and food processing surfaces. Remove pets, fish bowls and bird cages from rooms being sprayed. Do not spray on humans or pets. For spot application only. Do not use as a space spray.

STATEMENT OF PRACTICAL TREATMENT

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.
IF SWALLOWED: Call a physician or Poison Control Center immediately.
DO NOT INDUCE VOMITING: Vomiting may cause aspiration pneumonia.

For Medical Emergency Call: 800-338-6167

PHYSICAL AND CHEMICAL HAZARDS

EXTREMELY FLAMMABLE. CONTENTS UNDER PRESSURE. Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting. Avoid excessive wetting of plastic, vinyl or asphalt tile floor surfaces.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

STORAGE: Do not store near heat or open flame. Store in a cool area away from children. **DISPOSAL:** Do not reuse empty container. Wrap and place in trash. DO not puncture or incinerate.

FOR HOUSEHOLD USE ONLY

IMPORTANT: Use only as a surface spray. Hold can in an upright position to spray. **SHAKE WELL BEFORE EACH USE.** Direct spray away from face. Hold can two feet from surfaces. Spray at a rate of 1 foot per second unless directed otherwise. For long lasting residual action (up to 12 weeks), leave spray residue undisturbed. Repeat applications as needed.

PROPOSED LABELING: "Black Flag Ant and Roach Killer - Formula C"

Submitted by Reckitt & Colman Household Prod.

Company No.: 475

Date of Application: 10/16/91

Label Copy - Back (Cont'd.)

American cockroaches
 Brownbanded cockroaches
 German cockroaches
 Roaches
 Palmetto bugs
 Waterbugs
 Crickets
 Centipedes
 Silverfish
 Firebrats
 Scorpions
 Spiders
 Oriental cockroaches
 Smokeybrown cockroaches
 Indoor and outdoor roaches
 Wood roaches
 Pillbugs
 Large and small roaches

Spray directly on insects (pests) when possible. Thoroughly spray cracks, crevices, baseboards, underneath chairs, tables, kitchen shelves, cupboards, sinks, refrigerators, around points of entry, around garbage containers and other places where pests are observed or suspected.

Ants
 Clover mites
 Sowbugs
 Earwigs

Thoroughly treat doors, outside foundations and porches. Spray directly on ant hills and swarming ants outdoors.

Flies
 Mosquitoes
 Gnats
 Small flying moths
 Wasps
 Hornets
 Bees
 Paper wasps
 Mud dauber wasps
 Yellowjackets

Spray directly on insects whenever possible. Also treat screens, walls, door and window frames, and other outdoor surfaces where insects are observed. To treat outdoor nests of paper and mud dauber wasps: Apply a wet spray after dark when all insects have returned to their nests.

PROPOSED LABELING: "Black Flag Ant and Roach Killer - Formula G"

Submitted by Reckitt & Colman Household Prod.
Date of Application: 10/16/91

Company No.: 475

Label Copy - Back (Cont'd.)

Brown dog ticks
Deer ticks
Fleas

Remove and discard infested pet bedding. Thoroughly spray cracks, crevices and areas where pets normally rest. DO NOT spray pets directly. Allow treated areas to completely dry before replacing new bedding or permitting use by animals. Treat outside premises, dogs and cats with registered tick or flea control products prior to re-entry.

Bed bugs

Spray directly on insects (pests) whenever possible. Thoroughly spray cracks, crevices, baseboards, underneath chairs, tables, beds and sofas, around points of entry such as window sills and other places where these insects (pests) are observed. Furniture, especially sofas, mattresses and bedsprings, should be lightly sprayed. NEVER treat infant furniture. Allow spray residues to completely dry before use.

Pantry and Closet Pests
Sawtoothed grain beetles
Flour beetles
Cigarette beetles
Spider beetles
Carpet beetles
Clothes moths
Indian meal moths
Angoumois grain moths

Remove and inspect all packaged foods, utensils and dishes. Discard ALL infested products. Clean (vacuum) the area prior to treatment. Holding can two feet from surfaces to be treated, thoroughly spray cracks, crevices, shelving and baseboards. Allow to dry before replacing contents. Do not allow food to directly contact treated surfaces. Repeat as needed.
