CYTHION

70-1.5-5 SEED

**AGRICULTURAL FUNGICIDE
 FOR SEED FUNGI DISEASE**

DIRECTIONS FOR USE

SLURRY TREATMENT: Pre-mix the recommended amount of this material with a little water in a bucket and make a thin paste. Stir this paste into the required amount of water for the slurry equipment to be used. **NOTE:** Seed treated by the slurry method should not be bagged until such time as the seed has had an opportunity to dry. Store in well ventilated areas. If seed is bagged when wet, heat is developed and impairs seed germination.

IMPORTANT: Treated seed must not be used for human consumption nor as animal feed. Bags containing treated seed should be labeled:

TREATED SEED

DO NOT USE FOR FEED, FOOD, OR OIL PURPOSES

The Federal Government and some states have issued regulations for the application of special tags or labels to be affixed to bags containing treated seed.

NOTICE: Stauffer Chemical Company makes no warranty, express or implied, including the warranties of merchantability and/or fitness for any particular purpose, concerning this material, except those which are contained on Stauffer's label.

ACTIVE INGREDIENTS:

~~Captan*~~
~~Cyathion**~~
 Methoxychlor, Tech

INERT INGREDIENTS:

- *N-[(trichloromethyl)dicarboximide.
- **Malathion
 O,O-dimethyl dithio captosuccinate.
- ***Equivalent to 4.4 xyphenyl)-1,1,1-trichloro isomers and related

NOT LICENSED FOR USE IN CALIFORNIA

Keep Out of Reach of Children

Harmful if swallowed, inhaled, or absorbed through skin.
 Avoid breathing dust.
 Avoid contact with skin, clothing, or hair.
 In case of contact with skin, wash with plenty of water; for eyes get medical attention immediately.
 Wash with soap and water after use.
 Do not eat, drink, or smoke while using this product.
 Toxic to fish. Do not use in or near water.
 Do not apply where runoff could occur.
 Do not contaminate water, food, or feed.
 Avoid contamination of water, food, or feed.

**PROTECT FROM EXCESSIVE HEAT
 CONTAINER SHOULD BE DISPOSED BY**
