PROTECT FROM EXCESSIVE HEAT

Made in U.S.A. by  
 Sandoz Chemical Corporation  
 New York, New York  
 Net Content 4.25 fl. oz.

476-2023

OBSERVE THE FOLLOWING USE PRECAUTIONS

Avoid drift to adjoining food and forage crops.  
Do not contaminate feed and/or feedstuffs.  
This product is toxic to fish.  
Keep out of any body of water.

DIRECTIONS FOR USE

Pour recommended amount of this material into nearly-filled spray tank. Add balance of water to fill tank. Maintain agitation during filling and spraying operations. Do not allow mixture to stand. Do not combine IMIDAN 3E with other emulsifiable materials unless previous use of the combined materials has proven them to be physically compatible.

IMPORTANT: Emulsion should be used within three (3) hours after forming.

RECOMMENDATION

ALALFA: ALALFA WEEVIL - Apply 2-2/3 pints per acre using a minimum of 10 gallons of water per acre when alalfa weevil larvae are actively feeding. Do not apply more than once per cutting. Do not graze or cut hay within Seven (7) days after application.

PERFORATE METAL CONTAINER - CRUSH GLASS CONTAINER  
BURY IN A SAFE PLACE
