Response, Page 2.12, Active to Inert Change in Status.

PRECAUTIONARY STATEMENTS

WARNING

Hazards to Humans and Domestic Animals

Harmful if swallowed or absorbed through skin. Avoid breathing vapor and spray mist. Avoid contact with skin and eyes. Remove pets, birds and cover fish aquariums before spraying. Do not apply directly to or around food. Cover or remove any food utensils and food processing equipment during application. Do not apply while food processing is underway. After space spraying in areas where food is handled, wash all equipment, benches, shelving, etc. where exposed food will be handled with potable water.

Statement of Practical Treatment

If Swallowed: Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Repeat until vomit fluid is clear. Never induce vomiting or give anything by mouth to an unconscious person. **If on Skin:** Wash contaminated clothing and wash affected areas with plenty of soap and water. **If In Eyes:** Flush eyes with plenty of water. Call a physician if irritation persists. **If Inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated.

Environmental Hazards

This pesticide is highly toxic to fish, birds and other wildlife. Do not apply directly to water or wetlands (swamps, bogs, marshes and potholes). Drift and runoff from treated sites may be hazardous to fish in adjacent waters.

Physical and Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks and flame. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting.

Storage and Disposal

Storage: Store in a cool place away from heat, direct sunlight, or open flame. Keep in original container and preferably in a locked storage area. **Disposal:** Replace cap and discard container in trash. Do not puncture or incinerate.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Real-Kill®

**KITCHEN
INSECT
PROTECTION**

**SPECIALLY DESIGNED FOR
INSECT CONTROL IN FOOD

WARNING**

See Back Panel for Additional
Precautionary Statements

Net Contents: 11 oz.

- Specially designed for insect control in food storage areas including cabinets, cupboards, drawers, under sinks, around baseboards.
- Up to 3 to 4 weeks control against roaches.

KILLS THESE KITCHEN PESTS:

Roaches, Ants, Exposed Adult Granary Weevils, Rice Weevils, Saw Toothed Grain Beetles, Confused Flour Beetles

SHAKE WELL. Hold can upright.

Food Storage Areas: Remove all items from cupboard or drawer. Clean areas as normal and wipe dry. Spray Real-Kill along edges, into cracks and crevices of cupboard. When surface is dry, replace shelf paper and other articles. Repeat every 3 to 4 weeks or as necessary to maintain control. From time to time, inspect dry food for weevils and other pantry pests which may be brought in from the outside. Discard contaminated food immediately. When possible, keep open food in bug-tight, sealed canisters.

Other Areas: Spray baseboards, cracks and crevices, around door and window frames, and other hiding places such as closets, in back of and under refrigerators and sinks. Apply to ant trails and around door sills, window frames, and other places where ants may enter.

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
