Dear Ms. Tryson:

Subject: Application for Label Amendment, Real-Kill Household Flying Insect Killer, EPA Reg. No. 478-93

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

Modify the Precautionary Statements to read as follows:

CAUTION: Harmful if swallowed, inhaled, or absorbed through skin. Wash thoroughly with soap and water after handling. Avoid breathing vapor and spray mist. Avoid contact with skin, eyes, or clothing. Remove contaminated clothing and wash before re-use.

Modify the following Statements of Practical Treatment to read as follows:

If Swallowed: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.
 If on Skin: Wash with plenty of soap and water. Get medical attention if irritation persists.
 If Inhaled: Remove victim to fresh air. If not breathing, give artificial respiration preferably mouth to mouth. Get medical attention.

Add the following statement to the Physical and Chemical

Hazards statement:		CONCURRENCES					
SYMBOL	PM 10						
SURNAME	A. J. Hold						
DATE	9/6/95						

20/4

Do not apply this product in or on electrical equipment due to the possibility of a shock hazard.

You may want to consider deleting the following statements from your label.

"Contains Petroleum distillates". It appears that the amount of petroleum distillates does not require that it be included on the label. See the Label Review Manual.

Environmental Hazards. This product is labeled for indoor use. No Environmental Hazard statement is required for indoor use products. See the Label Review Manual.

Most of the comments on this label were taken from the Label Review Manual. Information on how to get your own copy is enclosed.

Enclosed is a copy of the review of your efficacy data.

If you have questions, please call Ann Sibold at 703 305-6502.

Sincerely,

RPK

Richard P. Keigwin, Jr.

Net Weight 11 oz. (311 g)

STOP (optional). READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL before each use. Hold can upright. Remove protective cap. Aim spray opening away from people. Push button to spray. Apply in short bursts.

KILLS THESE COMMON HOUSEHOLD PESTS

HOUSEFLIES, MOSQUITOES (Optional: including *Aedes aegypti* mosquitoes which transmit dengue), **SMALL FLYING MOTHS, GNATS**: Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and destroy fallen insects.

COCKROACHES, ANTS, CRICKETS, SOWBUGS, CENTIPEDES, FIREBRATS, SPIDERS:

Contact as many insects as possible with the spray in addition to thorough spraying of all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and wherever these pests are suspected of hiding. To kill ants, treat doors, around window frames, ant trails and other areas of entry. Repeat as necessary.

CARPET BEETLES:

Directly spray as many insects as possible. Spray both interior and exterior of upholstered furniture. Both top and bottom of rugs and carpets should be sprayed thoroughly. Also treat shelves, closets, areas under furniture and wherever these insects are seen or suspected. Repeat as necessary. *Note: Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.*

CONFUSED FLOUR BEETLES, SAW-TOOTHED GRAIN BEETLES, RICE WEEVILS:

Exposed Forms: Find and destroy infested packaged goods. Remove all other items from pantry. Spray the shelves to kill any of the named insects present. Place clean paper on shelves and return packages after shelves have dried. Repeat as necessary.

FLEAS, BROWN DOG TICKS:

Remove and destroy old pet bedding. Spray sleeping quarters of pets around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as necessary. Do not spray animals. Put fresh bedding in pets' quarters after spray has dried. Also treat dogs and cats with a registered flea and tick control product

before allowing them t

STORAGE AND DISPOS

Storage: Store in a cool place a or open flame. Keep in original locked storage area. **Dispo** container in several layers of ne
