PRECAUTIONARY STATEMENTS
CAUTION

Hazards to Humans and Domestic Animals
Harmful if inhaled or absorbed through skin. Avoid breathing vapor and spray mist. Avoid contact with skin and eyes. Remove pets, birds and cover fish aquariums before spraying. Do not apply directly to or around food. Cover or remove any food utensils and food processing equipment during application. Do not apply while food processing is underway. After space spraying in areas where food is handled, wash all equipment, benches, shelving, etc. where exposed food will be handled with potable water.

Statement of Practical Treatment

If Swallowed: Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Repeat until vomit fluid is clear. Never induce vomiting or give anything by mouth to an unconscious person. **If on Skin:** Wash contaminated clothing and wash affected areas with plenty of soap and water. **If In Eyes:** Flush eyes with plenty of water. Call a physician if irritation persists. **If Inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated.

Environmental Hazards

This pesticide is highly toxic to fish, birds and other wildlife. Do not apply directly to water or wetlands (swamps, bogs, marshes and potholes). Drift and runoff from treated sites may be hazardous to fish and aquatic organisms in adjacent waters.

Physical and Chemical Hazards

Contents under pressure. Do not use near heat or open flame. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting.

Storage and Disposal

Storage: Store in a cool place away from heat, direct sunlight, or open flame. Keep in original container and preferably in a locked storage area. **Disposal:** Replace cap and discard container in trash. Do not puncture or incinerate.

Real-Kill House and Garden Bug Killer II is an effective insecticide for use in the control of residential and garden insects.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL. Hold can upright.

FLIES, MOSQUITOES, FLYING MOTHS, GNATS AND WASPS

INDOORS: Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before reentry. Sweep up and destroy fallen insects.

OUTDOORS: Spray area infested with these flying insects. Hold container 18-24 inches from shrubs, bushes and grassy areas. Spray these areas with a slow sweeping motion at the rate of 1 to 3 seconds per cubic yard of space while moving away from the treated area. To reduce annoyance from these pests treat open porches and patios in a similar manner. Spray only when the air is still. Allow spray to dissipate before occupying the treated area. Repeat as necessary.

COCKROACHES, ANTS, CRICKETS, SOWBUGS, CENTIPEDES, FIREBRATS, SPIDERS. Contact as many insects as possible with the spray in addition to thorough spraying of all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and wherever these pests are suspected of hiding. To kill ants treat doors, around window frames, ant trails and other areas of entry. Repeat if necessary.

CARPET BEETLES. Directly spray as many insects as possible. Spray both interior and exterior of upholstered furniture. Both top and bottom of rugs and carpets should be sprayed thoroughly. Also treat shelves, closets, areas under furniture and wherever these insects are seen or suspected. Repeat as necessary.

Exposed forms of Confused Flour Beetles, Saw-toothed Grain Beetles, Rice Weevils. Find and destroy infested package goods. Remove all other items from pantry. Spray the shelves to kill any of the named insects present. Place clean paper on the shelves and return packages after shelves have dried. Repeat as necessary.

FLEAS, BROWN old pet bedding, around baseboard cracks and local necessary. Do not in pet quarters of dogs and cats with control product in treated area.

EASTERN TENT (CANKERWORMS LACEBUGS, SPIDERS, MEALYBUGS, ANTS, BEETLES, BUGS. When spray will kill the listed insects. Spirea, Rose, Creta, Andromeda, Azalea, Purple Passion Vine, Arborvitae. **WHEAT** 18-24 INCHES FROM PLANTS the evening or overnight. Mist the plants lightly. Avoid wetting foliage. rate of 1 foot per inch on both sides of row when temperature taken when spray plants.
