Subject Amended Reregistration Label
Product Name Real Kill Outdoor Fogger
EPA Registration Number 478 101
EPA Decision Numbers 436050 and 427123

Dear Ms Goldberg

The Agency in accordance with the Federal Insecticide Fungicide and Rodenticide Act (FIFRA) as amended has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the phenothrin and tetramethrin REDs and has concluded that your submission is acceptable

NOTE This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time

Please be reminded that 40 CFR Part 156 140(a)(4) requires that a batch code lot number or other code identifying the batch of the pesticide distributed and sold be placed on non refillable containers The code may appear either on the label or durably marked on the container itself and can be added by non notification per PRN 98 10

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below Any previously dated CSFs are superseded

- Basic CSF dated 6/23/10
- Alternate CSF dated 6/23/10

A copy of your label stamped Accepted is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product Products shipped after 12 months from the date of this amendment or the next printing of the label whichever

occurs first must bear the new revised label Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions If these conditions are not complied with the registration will be subject to cancellation in accordance with FIFRA sec 6(e)

If you have any questions about this letter please contact Dr Jennifer Urbanski at 703 347 0156 or urbanski.jennifer@epa.gov

Sincerely

Richard J Gebken

JUL 11 2012

Under the Federal Insecticide Fungicide, and Rodenticide Act, as amended for the pesticide registered under:

478-101

[Bracketed Text] = Optional language Reg No

STOP READ ENTIRE LABEL BEFORE USE

Directions For Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling For outdoor use only

Use Restrictions

Remove or cover exposed food and drinking water before application
 Do not allow adults children or pets to enter the treated area until sprays have dried
 Do not use in enclosed porches
 Do not apply this product in a way that will contact adults children or pets either directly or through drift
 Do not allow people or pets to enter the treated areas until vapors mists and aerosols have dispersed and the treated area has been thoroughly ventilated

Do not water the treated area to the point of run off

Do not make applications during rain

All outdoor applications must be limited to spot or crack and crevice treatments only except for the following permitted uses

1 Treatment to soil or vegetation around structures

All outdoor applications to impervious surfaces such as sidewalks driveways patios porches and structural surfaces (such as windows doors and eaves) are limited to spot and crack and crevice applications only

Application is prohibited directly into sewers or drains or to any area like a gutter where drainage to sewers storm drains water bodies or aquatic habitat can occur Do not allow the product to enter any drain during or after application

SHAKE WELL BEFORE USING Point spray nozzle away from face Hold can at a slight downward angle For best results spray when air is calm Allow a few minutes for product to take effect Spray with wind if slight breeze is blowing (i.e under 5 mph)

FLYING INSECTS

Flies Mosquitoes Flying Moths Gnats and Wasps Spray area infested with these flying insects Hold container 5 10 ft away from shrubs bushes and grassy areas Spray these areas with a slow sweeping motion at the rate of 1 to 3 seconds per cubic yard of space while moving away from the

treated area [To reduce annoyance from these pests treat open porches and patios in a similar manner] Allow fog to drift over area Give special attention to breeding areas such as garbage cans and compost piles Spray only when the air is still Allow spray to dissipate before occupying the treated area Repeat as necessary but no more than once per day

CRAWLING INSECTS

Ants (except carpenter fire pharaoh and harvester ants) Crickets Sowbugs and Firebrats Spray infested surface of patio campsite deck or picnic area hitting as many insects as possible Also spray legs of tables and chairs to repel ants Spray ant hills for best control Keep 5 to 10 feet away from ornamental plants while spraying Repeat as necessary but no more than once per day

STORAGE AND DISPOSAL

Do not contaminate water food or feed by storage or disposal
Pesticide Storage Store in a cool place away from heat direct sunlight or open flame **Pesticide Disposal and Container Handling**
 Do Not Puncture or Incinerate If empty Place in trash or offer for recycling if available **If partly filled** Call your local solid waste agency for disposal instructions
