WASHINGTON, D.C. 20460

June 18, 2024

Morgan A. Shaffer
Realex, Div. of United Industries Corp.
P.O. Box 142642
St. Louis, MO 63114

Subject: Notification per PRN 98-10 – Label notification adding optional marketing graphics and claims, updating copyright date, and adding website URL.
Product Name: REAL-KILL OUTDOOR FOGGER
EPA Registration Number: 478-101
Application Date: 5/8/2024
Case Number: 612048

Dear Morgan A. Shaffer:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped "NOTIFICATION" and placed in our records.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you have any questions, please contact Laura Rademacher at Rademacher.Laura@epa.gov.

Sincerely,

Jacquelyn Herrick, Product Manager 03
Invertebrate & Vertebrate Branch 1
Registration Division (7505T)
Office of Pesticide Programs

Real-Kill

Outdoor Fogger

NOTIFICATION

478-101

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

06/18/2024

TOTAL.....	100.00%

Keep Out of Reach of Children

CAUTION See back panel for additional precautionary statements

NET WEIGHT: **16 oz (1 lb/453 g)**

STOP. READ ENTIRE LABEL BEFORE USE.

Directions For Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. *For outdoor use only.*

Use Restrictions

Remove or cover exposed food and drinking water before application. Do not allow adults, children, or pets to enter the treated area until sprays have dried. Do not use in enclosed porches. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Do not allow people or pets to enter the treated areas until vapors, mists, and aerosols have dispersed and the treated area has been thoroughly ventilated.

Do not water the treated area to the point of run off
Do not make applications during rain
All outdoor spray applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:
1. Treatment to soil vegetation around structures
All outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches, and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications only.
Application is prohibited directly into sewers or drains or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

SHAKE WELL BEFORE USING. Point spray nozzle away from face. Hold can at a slight downward angle. For best results, spray when air is calm. Allow a few minutes for product to take effect. Spray with wind if slight breeze is blowing (i.e. under 5 mph).

FLYING INSECTS

Flies, Mosquitoes, Flying Moths, Gnats, and Wasps: Spray area infested with these flying insects. Hold container 5-10 ft away from shrubs, bushes,

and grassy areas. Spray these areas with a slow sweeping motion at the rate of 1 to 3 seconds per cubic yard of space while moving away from the treated area. [To reduce annoyance from these pests, treat open porches and patios in a similar manner.] Allow fog to drift over area. Give special attention to breeding areas such as garbage cans and compost piles. Spray only when the air is still. Allow spray to dissipate before occupying the treated area. Repeat as necessary, but no more than once per day.

CRAWLING INSECTS

Ants (except carpenter, fire, pharaoh, and harvester ants), Crickets, Sowbugs, and Firebrats. Spray infested surface of patio, campsite, deck, or picnic area hitting as many insects as possible. Also spray legs of tables and chairs to repel ants. Spray ant hills for best control. Keep 5 to 10 feet away from ornamental plants while spraying. Repeat as necessary, but no more than once per day.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool place away from heat, direct sunlight, or open flame. **Pesticide Disposal and Container Handling:** Do Not Puncture or Incinerate. If empty: Place in trash or offer for recycling if available. **If partly filled:** Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes. Do not get on skin or on clothing. Harmful if swallowed or inhaled. Do not breathe vapor or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

First Aid

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice. **If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice. **If Swallowed:** Immediately call Poison Control Center or doctor. Do not induce vomiting unless told to do so by Poison Control Center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. **If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a Poison Control Center or doctor for further treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment. You may also contact 1-800-332-5553 for emergency medical treatment information.

Environmental Hazards

This pesticide is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds while bees are actively visiting the area.

Physical or Chemical Hazards

Contents under pressure. Do not use near heat or open flame. Do not puncture or incinerate. Do not apply this product around electrical equipment due to the possibility of shock hazard. Exposure to temperatures above 130°F may cause bursting.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.
