EXTRA ACTION BUG KILLER

REAL-KILL®

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Remove pets and cover fish tanks or remove before spraying.

STATEMENT OF PRACTICAL TREATMENT

If swallowed—Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do this only if conscious. Call physician or poison control center immediately.
If inhaled—Remove victim to fresh air and give artificial respiration if indicated.
If on skin—Wash promptly with soap and water. Rinse thoroughly.
If in eyes—Flush eyes with plenty of water for at least 15 minutes. Call a physician immediately.

NOTE TO PHYSICIAN Contains petroleum distillate. Do not induce vomiting. Treat symptomatically. Atropine may be injected as an antidote.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not apply to marshes or estuaries. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120 F may cause bursting.

STORAGE AND DISPOSAL

STORAGE Store in a cool area away from heat or open flame. Keep away from food, feedstuffs and domestic water supplies.

DISPOSAL Do not reuse empty container. Wrap container and put in trash collection.

DIRECTIONS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR A COARSE WET SPRAY

Place finger on top of spray button and push straight down.

Cockroaches Crickets Silverfish Clover Mites Centipedes Millipedes Firebrats Earwigs Sowbugs Spiders	Use as a spot treatment. Where possible spray directly on pests. Apply as a coarse spray around sink and kitchen cabinets, along baseboards and into cracks and crevices, and other dark places such as closets in back of and under appliances, sinks and drawers in kitchens and bathrooms. Spray moist areas, openings around pipes, under refrigerators and other storage areas. In basements apply to joining cracks such as cracks between walls and floors, and other areas. Allow spray until area is wet but not to point of run-off. Repeat as necessary.
Ants	Spray trails, nests and points of entry. Spray directly on ants where possible.
Brown Dog Ticks Lone Star Ticks Fleas	Thoroughly apply as a soak treatment to infested areas such as pet's beds and resting quarters, nearby cracks and crevices, along and behind baseboards, windows and door frames and localized areas of floor and floor covering where these pests may be present. Old bedding of pet should be removed and treated with clean, fresh bedding after treatment of pet areas. Do not treat pets with this product. Treat pets with an E.P.A. approved product registered for pet use.

FOR A LONG REACH TO STREAM

Wasps Hornets	Push spray button forward with tip of finger. Aim stream at nest and direct spray into nest's cavities. Aerial wasps, exposed insects as well as flying insects are killed after contact. The insects have no chance to leave the nests. Do not attempt to knock down the nest. Nesting pests often hide in trees, evergreen shrubs, or other dense vegetation. Repeat treatment as necessary.
