

PRECAUTIONARY STATEMENTS

WARNING

Hazards to Humans and Domestic Animals

Harmful if swallowed or absorbed through skin. Avoid breathing vapor and spray mist. Avoid contact with skin and eyes. Remove pets, birds and cover fish aquariums before spraying. Do not apply directly to or around food. Cover or remove any food utensils and food processing equipment during application. Do not apply while food processing is underway. After space spraying in areas where food is handled, wash all equipment, benches, shelving, etc. where exposed food will be handled with potable water.

Statement of Practical Treatment

If Swallowed: Call a physician or Poison Control Center immediately. Do not induce vomiting. Never induce vomiting or give anything by mouth to an unconscious person. If on Skin: Wash contaminated clothing and wash affected areas with plenty of soap and water. If In Eyes: Flush eyes with plenty of water. Call a physician if irritation persists. If inhaled: Remove victim to fresh air. Apply artificial respiration if indicated. NOTE TO PHYSICIAN: This product may cause cholinesterase inhibition. Atropine is antidotal. 2-PAM may be effective as an adjunct to atropine.

Environmental Hazards

This pesticide is highly toxic to fish, birds and other wildlife. Do not apply directly to water or wetlands (swamps, bogs, marshes and potholes). Drift and runoff from treated sites may be hazardous to fish in adjacent waters

Physical and Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks and flame. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting.

Storage and Disposal

Storage: Store in a cool place away from heat, direct sunlight, or open flame. Keep in original container and preferably in a locked storage area. Disposal: Replace cap and discard container in trash. Do not puncture or incinerate.

Real-Kill

Table with 2 columns: Ingredient name and percentage. Includes Pyrethrin, Piperonyl Butoxide, Chlorpyrifos, and Inert Ingredients.

* Equivalent to 0.120% (butyl carbaryl) (6-propylpiperonyl) ether and 0.030% related compounds.

** Contains aliphatic petroleum hydrocarbons.

Keep Out of Reach of Children

WARNING

See Back Panel for Additional Precautionary Statements
Net Wt. 15 oz. (425g)

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR A COARSE WET SPRAY, place finger on top of spray button and push straight down.

Cockroaches, Crickets, Silverfish, Clover Mites, Centipedes, Millipedes, Firebrats, Earwigs, Sowbugs, Spiders - Use as a spot treatment. When possible spray directly on pests. Apply a coarse spray around door and window frames, along baseboards, and into cracks and crevices. Treat hiding places such as closets, in back of and under appliances, sinks, and cupboards in kitchens and bathrooms. Spray moist areas, openings around pipes, under refrigerators and other storage areas. In basements, apply to hiding places such as cracks, crevices, lower walls and dark areas. Apply spray until area is wet but not to point of runoff. Repeat as necessary. For applications into cracks and crevices, attach extension tube in spray actuator and spray directly into places suspected of harboring insects. Repeat as necessary. • Ants - Spray trails, nests and points of entry. Spray directly on ants where possible. • Brown Dog Ticks, Long Star Ticks, Fleas - Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters; nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Old bedding of pets should be removed and replaced with clean fresh bedding after treatment of pet areas. DO NOT TREAT PETS WITH THIS PRODUCT. Treat pets with an E.P.A. approved product registered for pet use. • Wasps, Hornets - FOR A LONG REACH 10' STREAM: Push spray button forward with tip of finger. Aim stream at nest, continue to spray until nest is soaked. Wet as many exposed insects as possible. It is preferable to apply after dark when all the insects have returned to the nests. Do not treat or allow the spray to contact plants (lawn, flowering plants, shrubs, trees, evergreens, etc.) because of possible injury. Repeat as necessary.

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
