William H. Metzger  
Realex  
Division of United Industries Corp.  
P.O. Box 15842  
St. Louis, MO 63114

Dear Mr. Metzger:

Subject: Revised Labeling  
Real-Kill Vegetation Killer  
EPA Registration No. 478-114  
Your Submission Dated March 23, 1994

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable with the following provision:

Change the sentence reading "Do not apply to lakes, streams or ponds" in the Environmental Hazards section to read "Do not apply directly to water."

A stamped copy is enclosed for your records. Please submit five (5) final printed copies for the referenced label, incorporating the above change, before releasing the product for shipment.

Sincerely yours,

Joanne I. Miller  
Product Manager (23)  
Fungicide-Herbicide Branch  
Registration Division (7505C)

Ready-to-Use • Just Aim and Spray • Do-it-yourself weed-killer • With Grabber™ • Better coverage • Better Kill • Kills on Contact • Kills weeds, grasses and unwanted vegetation on contact • Controls grass and weeds within 24 hours • Formulated with XLC™ • With XLC™— for 24 hour control • With XLC™—Works in 24 Hours! • Able to reseed in 48 hours • 48 hour Reseed • Reseed in 48 hours • Won't stain gravel or paved areas

ACTIVE INGREDIENT:

Diquat dibromide [6,7-dihydrodipyrido (1,2-a:2',1'-c) pyrazinedium dibromide] ..... 0.23%  
INERT INGREDIENTS: ..... 99.77%  
Contains 0.01 lbs. Diquat Cation per gallon as 0.02 lbs. Salt per gallon

KEEP OUT OF REACH OF CHILDREN  
WARNING

See Back Panel for Additional Precautionary Statements

Net Contents 1 gallon

Kills unwanted grass and weeds for extended periods. Spray weeds and grasses in cracks of walks, drives and patios. Spray edges along walls, drives, patios, around buildings, under fences and other places where plants are not wanted (except lawns). Kills weeds in tree-wells, around shrubs, flower beds. Keeps grass from creeping into unwanted areas.

**STOP. READ ENTIRE LABEL BEFORE USE.  
DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**HOW TO APPLY:**

**Sprinkler Cap Applicator**

Remove cap from applicator head and be certain that applicator head is screwed firmly on jug. Invert jug and apply product to thoroughly cover unwanted vegetation. The width of the pattern may be adjusted by either raising or lowering the jug. For top killing vegetation around trees, shrubs and buildings and edging around lawns, fences and sidewalks, hold the jug about 2 to 6 inches from the area to be treated depending upon desired width.

**Trigger Sprayer Applicator**

Turn adjustable nozzle by rotating to deliver a jet stream. A jet stream is less likely to drift.

**Hand Sprayer Applicator**

**Sprayer Instructions:**

How to prime and care for your sprayer:

1. After shaking product well, remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10-15 times until product is dispensed. Adjust nozzle to fine spray or jet stream as needed.
3. To store, turn nozzle to "OFF" position and store with sprayer above level of liquid in container to prevent leakage.

Turn adjustable nozzle by rotating to deliver a jet stream. A jet stream is less likely to drift. Stand as close to weed or grass as possible. Do not stoop or squat with jet stream spray. Use just enough product to completely cover foliage of weed, not necessary to soak. The applicator will assist you in obtaining accurate spot weed control easily. Kills on contact only. Accidental spotting of desired plants may be

washed off or pruned at the time of mowing. Perennial weeds and Bermuda grass may reappear. For best results, apply during the growing stage when moisture is available, promoting vigorous growth.

**STORAGE AND DISPOSAL**

Store in a cool, dry area away from children. Do not reuse container. Rinse thoroughly with water and discard in trash. Securely wrap in several layers of newspaper and discard container in trash.

**PRECAUTIONARY STATEMENTS  
Hazards to Humans**

**WARNING:** Keep out of reach of children. Causes eye and skin irritation. Do not get in mouth. Harmful if swallowed. Avoid contact with skin.

**FIRST AID:** In case of contact with skin with plenty of water for at least 15 minutes. Call a physician. Remove any clothing before reuse. If swallowed, drink milk, egg white, gelatin solution. Do not drink large quantities of water. Call a physician.

**ENVIRONMENTAL HAZARDS**

Do not apply under conditions that may result in contact or drift onto food, forage, feed, plants or other desirable plants. Do not apply to crops rendered unfit for animal consumption. This pesticide is toxic to fish and wildlife in treated areas may be killed. Do not apply to streams or ponds. Do not apply to areas where people may occur. Do not apply when weather conditions are unfavorable. Do not apply to equipment, or disposal of waste.

**NOTICE:** Buyer assumes all responsibility for use not in accordance with directions.
