Net Contents 1 gallon

Kills unwanted grass and weeds for extended periods. Spray weeds and grasses in cracks of walks, drives and patios. Spray edges along walls, drives, patios, around buildings, under fences and other places where plants are not wanted (except lawns). Kills weeds in tree-wells, around shrubs and flower beds. Keeps grass from creeping into unwanted areas.

STOP. READ ENTIRE LABEL BEFORE USE.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Option A Directions - Paragraph Format

(Sprinkler Cap Applicator)

HOW TO APPLY:

Remove cap from applicator head and be certain that applicator head is screwed firmly on jug. Invert jug and apply product to thoroughly cover unwanted vegetation. The width of the pattern may be adjusted by either raising or lowering the jug. For top killing vegetation around trees, shrubs and buildings and edging around lawns, fences and sidewalks, hold the jug about 2 to 6 inches from the area to be treated depending upon desired width.

Use just enough product to completely cover foliage of weed; not necessary to soak. The applicator will assist you in obtaining accurate spot weed control easily. Kills on contact only. Accidental spotting of desired plants may be washed off or pruned at time of treatment. Reapply to perennial weeds and Bermuda grass patches if green reappears. For best results, apply to weeds in the early growing stage when moisture and high temperatures are promoting vigorous growth.

(Hand Sprayer Applicator)

Sprayer Instructions:

How to prime and care for your sprayer:

1. After shaking product well, remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10-15 times until product is dispensed. Adjust nozzle to fine spray or jet stream as needed.
3. To store, turn nozzle to "OFF" position and store with sprayer above level of liquid in container to prevent leakage.

(Trigger Sprayer or Hand Sprayer Applicators)

Turn adjustable nozzle by rotating to deliver a jet stream. A jet stream is less likely to drift. Stand as close to weed or grass as possible. No need to stoop or squat with jet stream spray. Use just enough product to completely cover foliage of weed; not necessary to soak. The applicator will assist you in obtaining accurate spot weed control easily. Kills on contact only. Accidental spotting of desired plants may be washed off or pruned at time of treatment. Reapply to perennial weeds and Bermuda grass patches if green reappears. For best results, apply to weeds in the early growing stage when moisture and high temperatures are promoting vigorous growth.

Option B Directions - Numbered Format

(Hand Sprayer Applicator)

How to prime and care for your sprayer

1. After shaking product well, remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10-15 times until product is dispensed. Adjust nozzle to a coarse spray or jet stream.
3. To store, turn nozzle to "OFF" position and store with sprayer above level of liquid in container to prevent leakage.

(Trigger Sprayer or Hand Sprayer Applicators)

HOW TO APPLY

1. Turn adjustable nozzle to deliver a jet stream. A jet stream is less likely to drift. Stand as close to weed or grass as possible. No need to stoop or squat with jet stream spray.
2. Use just enough product to completely cover foliage of weed, not necessary to soak. The applicator will assist you in obtaining accurate spot weed control easily.

USE TIPS

1. For best results, apply to weeds in the early growing stage when moisture and high temperature are promoting vigorous growth.
2. Kills on contact only. Accidental spotting of desired plants may be washed off or pruned at time of treatment.
3. Reapply to perennial weeds and Bermuda grass patches if green reappears.

Realex® Vegetation Killer

STORAGE AND DISPOSAL

Store in a cool, dry area away from heat or open flame. Do not reuse container. Rinse thoroughly before discarding in trash. Securely wrap in several layers of newspaper and discard container in trash.

OPTIONAL POWER PUMP CLAIMS, INSTRUCTIONS & STORAGE AND DISPOSAL DIRECTIONS

Revolutionary (NEW) Power Pump™ - Works like a pressure sprayer! • Refillable Power Pump Pressure Sprayer

Yes, This product is different! Real-Kill Vegetation Killer works in 24 hours and comes in a revolutionary Power Pump™ that eliminates the need to squeeze a trigger sprayer over and over again. The Power Pump works like a pressure sprayer - just pump it a few times and spray away. The Power Pump kills grass and weeds with ease! And the Power Pump can be refilled up to 5 times with either Real-Kill Vegetation Killer or Chemsico Grass & Weed Killer A for a season's worth of convenient weed and grass killing.

STOP (sign). READ ENTIRE LABEL BEFORE USE DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
(Graphics with call outs.)

1. **RELEASE PRESSURE.** Make sure there is no pressure in the Power Pump by unscrewing the Pump Cap and then retightening (graphic).
2. **CONNECT WAND HOSE TO POWER PUMP.** Unscrew and discard the cap protecting the Wand Hose Dock (graphic).
Feed the Dip Tube down through the opening in the Wand Hose Dock. Tighten the Wand Hose Connector onto the Wand Hose Dock (graphic).
3. **PRESSURIZE THE POWER PUMP.** Break the Pump Safety Seal with your thumb (graphic).

Pump 5-10 times to build up pressure. You'll need to pump every once in a while to keep the Power Pump pressurized during use.

EPA Reg. No. 478-114

4. **SPRAY WEEDS AND UNWANTED GRASS!** Just push the Wand On/Off switch to ON to begin spraying (graphic).

Spray unwanted plants until foliage is wet.

5. **WILTING OR BROWNING WILL BEGIN IN HOURS.**
6. **REFILLING.** The Power Pump can be refilled up to 5 times with either Real-Kill Vegetation Killer or Chemsico Grass & Weed Killer A mixed in accordance with label directions. If using Chemsico Grass and Weed Killer A, mix 12.8 ozs. and dilute to a gallon with water.

IMPORTANT: Do not refill more than 5 times. Do not use any product other than Real-Kill Vegetation Killer or Chemsico Grass & Weed Killer A in this Power Pump. Incompatible chemicals may damage the pump making it unsafe to use.

USE TIPS:

1. For best results, apply on a sunny day when it's above 60° F. If it rains within 12 hours of spraying, you'll probably need to treat again.
2. Don't spray on plants you like, they may die within 24 hours too. Also, don't spray on windy days to avoid drift to plants you like. Rinse them off with water if contact occurs.
3. You may reseed/replant in 48 hours.

STORAGE AND DISPOSAL

Store in a cool, dry area away from heat or open flame. Always release pressure, using the pressure release valve from Power Pump before storing. After 5 refills, rinse thoroughly, wrap in several layers of newspaper and discard container in trash.

PRECAUTIONARY STATEMENT

Hazards to Humans and Domestic Animals

WARNING: Keep out of reach of children. Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg white, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician.

ENVIRONMENTAL HAZARDS

Do not apply under conditions involving possible spray contact

or drift onto food, forage, vegetables, ornamental plants or other desirable plantings that might be damaged or the crops rendered unfit for sale, use or consumption. This pesticide is toxic to fish and wildlife. Birds and other wildlife in treated areas may be killed. Do not apply directly to water. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning equipment or disposal of wastes.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
