

PRECAUTIONARY STATEMENTS

CAUTION

Hazards to Humans and Domestic Animals

Harmful if swallowed or absorbed through skin. Avoid breathing vapor and spray mist. Avoid contact with skin and eyes. Remove pets, birds and cover fish aquariums before spraying. Do not use in commercial food processing, preparation, serving or storage areas. Do not apply directly to or around food. Cover or remove any food utensils and food processing equipment during application. Do not apply while food processing is underway. After space spraying in areas where food is handled, wash all equipment, benches, shelving, etc. where exposed food will be handled with potable water.

Statement of Practical Treatment

If Swallowed: Call a physician or Poison Control Center immediately. Do not induce vomiting because of aspiration hazard. **If on Skin:** Wash contaminated clothing and wash affected areas with plenty of soap and water. **If In Eyes:** Flush eyes with plenty of water. Call a physician if irritation persists. **If Inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated.

Environmental Hazards

This pesticide is highly toxic to fish, birds and other wildlife. Do not apply directly to water or wetlands (swamps, bogs, marshes and potholes). Drift and runoff from treated sites may be hazardous to fish in adjacent waters.

Physical and Chemical Hazards

Contents under pressure. Do not use near heat or open flame. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting.

Storage and Disposal

Storage: Store in a cool place away from heat, direct sunlight, or open flame. Keep in original container and preferably in a locked storage area. **Disposal:** Replace cap and discard container in trash. Do not puncture or incinerate.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Real-Kill®

Automatic INDOOR FLEA FOGGER II

**KILLS ADULT AND PRE-ADULT FLEAS
BEFORE THEY GROW UP TO BITE
PREVENTS FLEA REINFESTATION**

Active Ingredients:

Resmethrin	0.227%
d-trans Allethrin	0.643%
* Piperonyl Butoxide, Technical	1.200%
Inert Ingredients **	97.930%
Total	100.000%

*Equivalent to 0.96% (butylcarbitol) (6-propylpiperonyl) ether and 0.24% related compounds

**Contains aliphatic petroleum hydrocarbons

Keep Out of Reach of Children

CAUTION

See Back Panel for Additional
Precautionary Statements

Net Wt. 6 oz. (170 g.)

1. Cover exposed food dishes and food handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows.
2. Place fogger on a raised area such as a table or chair with newspapers covering the area directly under the can.
3. Remove cap. Turn can upside down. Tilt top of can away from face. Place hole in cap bottom over stem on top of can. Place cap down until firmly in place releasing spray. Set can upright on paper and leave the room. Leave treated area for 2 hours.
4. After 2 hours, open all doors and window, turn on air conditioners and fans and let the treated area air for 30 minutes.
5. Destroy pet's old bedding and replace. Treat dogs and cats with registered flea control product prior to re-entry.

FLEA FOGGER kills adult and pre-adult fleas hidden in cabinets, rugs, drapes, upholstery, pet bedding and floor cracks. Protects your home from reinfestation, your pets and family from bites. • FLEA FOGGER kills adult and pre-adult fleas on contact and controls flea infestations. • FLEA FOGGER also kills: ticks, roaches, flies, crickets, small flying moths, gnats (midges), mosquitoes, wasps, hornets, bees, yellow jackets, ants, booklice, carpet beetles, centipedes, earwigs, silverfish (firebrats), grasshoppers, millipedes, sowbugs (pillbugs), spiders, scorpions. • FLEA FOGGER leaves no bad smell, no sticky mess and, used as directed, does not stain furnishings.

For most effective results, entire dwelling should be treated. Use one fogger for each 6,000 cubic feet (750 square feet) of unobstructed area (approximately 27' x 27' or six 10' x 12' rooms). Use additional units for remote rooms or where free flow of mist is not assured. Do not remain in the area during treatment and ventilate thoroughly before re-entry.

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.

Manufactured in the U.S.A. for Realex,
