Dear Mr. Metzger:

SUBJECT: Label Amendment  
Real-Kill Automatic Indoor Fogger II  
EPA Registration No. 478-126  
Your Letter Dated October 7, 1991

The labeling referred to above submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes recommended in our letter dated September 23, 1991 and make the following changes before you release the product for shipment:

1. Delete "Kills Fleas (adult and pre-adult)". The phrase Kills Fleas (adult and larvae) is the correct phrase.
2. Delete "Keeps Killing for Weeks. Long Lasting" or identify on the label the duration of control. This should be based upon efficacy data.
3. Delete "Water-Based Formula. Water Based". The amount of water in this product does not support this claim.
4. Delete "and the eggs they carry" since we do not have any data on this formulation supporting this claim.
