GALLON

*Do Not
Use On
Animals
or
Plants*

*Do Not
Spray
on
Open
Flame*

**USE FOR FLIES, MOSQUITOES, MOTHS, ANTS, ROACHES,
BEDBUGS, AND MANY OTHER HOUSEHOLD INSECTS.**

Alpha Hitest Insecticide will kill both insects and eggs by contact. Will not stain and is non-inflammable unless sprayed in closed room with open fire or directly on fire or flame.

" Caution " " Keep out of reach of Children "

DIRECTIONS

USE IN SPRAYER FOR ECONOMY.

Flies and Mosquitoes—Close room and spray thoroughly, directing spray toward ceiling. Keep room closed 20 to 30 minutes, then air. Sweep up and destroy the insects which have been killed and stunned. Poured frequently on standing water in drains, etc. it will prevent mosquitoes breeding.

Moths—Brush garments thoroughly. Spray with sprayer one to two feet from garments, being careful to reach every part, paying special attention to seams and folds, as these are hiding places. Spray inside of chests, drawers, and closets in which clothes are stored. To prevent return spray stored garments and those placed in open closets at two to four week intervals.

Bedbugs—Take wooden beds apart. Spray all joints, cracks, springs and slats. Spray mattresses, reaching all seams. Repeat weekly until all bugs are destroyed, then spray occasionally to prevent return.

Roaches, Ants, Water Bugs—Spray liberally around sinks, washboards, cracks in floor, ice boxes and other hiding places daily until insects disappear, then spray weekly to prevent further infestation.

Active Ingredients—100%	
Petroleum distillate	95.75%
Beta-thiocyanethyl esters of mixed fatty acids averaging 10 to 18 carbon atoms	3.21%
Beta-thioxy beta-thiocyano diethyl ether	1.04%
