WINRU

SPECIAL RESIDUAL CONCENTRATE No. 2

An insecticidal formulation designed for use in food manufacturing plants combining the knockdown and insect flushing characteristics of Pyrenone^a with the residual effect of Malathion.

ACTIVE INGREDIENTS:

Malathion (0,0-dimethyl dithiophosphate of diethyl mercaptosuccinate) -----	20.00%
Pyrethrins -----	0.50%
*Technical piperonyl butoxide -----	1.25%
Aromatic petroleum hydrocarbons -----	67.25%

INERT INGREDIENTS: -----	11.00%
	<u>100.00%</u>

*Equivalent to 1.0% (butylcarbityl) (6-propylpiperonyl) ether and 0.25% related compounds.

^aPyrenone — Reg. U.S. Patent Office—(FMC)
The malathion contained in this formulation is from premium grade technical Malathion (Cythion)[®]

CAUTION: KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED. Avoid breathing of spray mist. Avoid contact with skin. Wash thoroughly after using. Avoid contamination of feed or foodstuffs. Malathion may cause cholinesterase inhibition. If poisoning occurs get prompt medical aid. Atropine is antidotal.

As an... beetle, ...
infused from... cars,
trailers and other...
thoroughly treat
infested cracks, areas... frames, baseboards,
cabinets and holes in walls or floors with a solution of 1 part Special
Residual Concentrate #2 mixed with 6 parts water. Apply with a paint
brush or pressure sprayer to surfaces until wet. Apply behind moldings
or baseboards and around pipes through walls or floors. Apply to any
opening through which insects are likely to crawl when they come out of
hiding. Repeat as often as necessary to maintain effective control.

For the control of ants, paint or wet surfaces with a coarse spray of 1
part special Residual Concentrate #2 to 6 parts water. Treat areas around
door sills, and window frames where these insects may enter. Treat any
obvious ant trails, the openings around heat ducts, pipes, electrical out-
lets and baseboards. Use coarse spray liberally in cracks and crevices.
Repeat as often as needed.

For the control of carpet beetles, make localized application of a solution
of 1 part Special Residual Concentrate #2 to 6 parts water to areas of
the floor and baseboards. Shelves and cracks in closets or storage cabinets
should also be treated. The underside of carpets should be treated
wherever possible. Particular attention should be given to that part
of carpeting at the wall edge and in corners. Repeat as often as needed
to maintain residual action.

Winru Special Residual Concentrate #2 may be used outdoors as an aid
in reducing annoyance from flies, wasps, June bugs and small flying
moths. Paint or spray outside surfaces of screens, doors and window
frames with a solution of 1 part Special Residual Concentrate #2 to 6
parts water. Areas around lights, porches or vestibules should also be
treated. Repeat treatment as often as needed to maintain residual action.

FOOD HANDLING ESTABLISHMENTS—Places other than private resi-
dences in which exposed food is held, processed, prepared or served.

**FOOD AREAS—APPLICATION OF THIS PRODUCT IS LIMITED TO
CRACK AND CREVICES**

Includes areas...

Apply to areas where food is stored (e.g., a food area). Apply a solution of water in small amounts using equipment capable of delivering a pin stream of liquid in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases.

Aids in the control of pantry pests (exposed stages of saw-toothed grain beetle, flour beetles, rice weevil, cigarette beetle, drug store beetle, and Indian meal moth) and roaches, silverfish, ants or spiders which are likely to be found hiding in these areas. Do not use this product in conduits, motor housings, and electrical switch boxes.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD

HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.

NON-FOOD AREAS—Includes garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Apply a solution of 1 part of concentrate to 6 parts of water as a spot treatment to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

DO NOT REUSE EMPTY CONTAINER. DESTROY IT BY PERFORATING OR CRUSHING. BURY OR DISCARD IN A SAFE PLACE AWAY FROM WATER SUPPLIES.

CAUTION: DO NOT USE, POUR, SPILL, OR STORE NEAR HEAT OR OPEN FLAME.

This product is not to be used on or near lakes, streams or ponds. Do not apply when weather is unfavorable. Do not apply when weather is unfavorable.
