## MPB RESIDUAL SPRAY

As an aid in controlling house flies, mosquitoes, wasps, bees, carpenter beetle, sawtooth beetle and confused flour beetle in homes, warehouses, boxcars, trailers and other non-food storage areas, thoroughly treat infested cracks, areas behind door and window frames, baseboards, cabinets and holes in walls or floors with MPB Residual Spray with a pressure sprayer to surfaces until wet. Apply behind moldings, baseboards and around pipes through which insects are likely to crawl when they come out of hiding. Repeat as often as necessary to maintain effective control.

For the control of ants, paint or wet surfaces with a coarse spray of MPB Residual Spray. Treat areas around door sills and window frames where insects may enter. Treat any obvious ant trails, the openings around heat ducts, pipes, electrical outlets and baseboards. Use coarse spray liberally in cracks and crevices. Repeat as often as needed.

For the control of carpet beetles, make localized application of MPB Residual Spray to areas of the floor and baseboards. Shelves and cracks in closets or storage cabinets should be treated wherever possible. Particular attention should be given to that part of carpeting at the wall edge and in corners. Repeat as needed to maintain residual action.

Winru MPB Residual Spray may be used outdoors as an aid in reducing annoyance from flies, wasps, June bugs and small flying moths. Paint or spray the outside surfaces of screens, doors and window frames. Areas around lights, porches or vestibules should also be sprayed. Repeat the treatment as often as needed to maintain residual action.

**FOOD HANDLING ESTABLISHMENTS**—Places other than private residences in which exposed food is held, processed, prepared or served.

**FOOD AREAS—APPLICATION OF MPB RESIDUAL SPRAY IS LIMITED TO CRACK AND CREVICE TREATMENT ONLY.** Includes areas for

receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage, and enclosed processing systems (mills, dairies, edible oils, syrups). Exposed food is exposed and facility is in operation.

E.P.A. Reg. No. 100-100-01  
E.P.A. Reg. No. 100-100-01

An insecticidal formulation designed for use in homes, industrial plants and food manufacturing plants combining the knockdown and insect flushing characteristics of Pyrenone® with the residual effect of Malathion.

**ACTIVE INGREDIENTS:**

Malathion (0,0-dimethyl dithiophosphate of diethyl mercaptosuccinate) -----	3.00%
Pyrethrins -----	0.15%
*Technical piperonyl butoxide -----	1.50%
Aromatic petroleum hydrocarbons -----	95.20%
<b>INERT INGREDIENTS:</b> -----	0.15%
	<hr/>
	100.00%

\*Equivalent to 1.20% (butylcarbityl) (6-propylpiperonyl) ether and 0.3% related compounds.

®Pyrenone-Reg. U.S. Pat. Office-FMC

The malathion contained in this formulation is from premium grade technical Malathion (Cythion)®.

**CAUTION**

**KEEP OUT OF REACH OF CHILDREN**

Harmful if swallowed. Avoid breathing spray mist. Avoid contact with skin. Wash thoroughly after using. Avoid contamination of feed or foodstuffs.

ment  
between  
floors, open-  
ings leading to  
equipment legs and  
bases, in conduits, motor  
switch boxes. Prior  
to application to these areas de-energize electrical equipment. After  
application, allow time for oil to evaporate before starting motors or  
placing switches in the "on" position.

Aid in the control of pantry pests (exposed stages of saw-toothed grain  
beetle, flour beetles, rice weevil, cigarette beetle, drug store beetle, and  
Indian meal moth) and roaches, silverfish, ants or spiders which are  
likely to be found hiding in these areas.

Care should be taken to avoid depositing the product onto exposed  
surfaces or introducing the material into the air. Avoid contamination  
of food or food processing surfaces.

### APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.

NON-FOOD AREAS—Includes garbage rooms, lavatories, floor drains (to  
sewers), entries and vestibules, offices, locker rooms, machine rooms,  
boiler rooms, garages, mop closets and storage (after canning or bottling).  
Apply MPB Residual Spray as a spot treatment to baseboard areas,  
around water pipes, surfaces behind and beneath sinks, lockers, tables,  
pallets and similar areas where insects hide or through which they  
may enter.

DO NOT REUSE EMPTY CONTAINER. DESTROY IT BY PERFORATING  
OR CRUSHING. BURY OR DISCARD IN A SAFE PLACE AWAY FROM  
WATER SUPPLIES.

THIS PRODUCT IS TOXIC TO FISH. Keep out of lakes, streams, or  
ponds. Do not apply when weather is rainy. Do not apply when  
weather is windy. Do not contaminate  
Apply this
