

MAY 1 1984
 Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 445-33

**PRECAUTIONARY STATEMENTS
 HAZARDS TO HUMANS
 CAUTION**

Do not use on food or feed. Do not use on any food or feed. Do not use on any food or feed. Do not use on any food or feed.

ENVIRONMENTAL HAZARDS

Do not use on any food or feed. Do not use on any food or feed. Do not use on any food or feed. Do not use on any food or feed.

STORAGE AND DISPOSAL:

Do not use on any food or feed. Do not use on any food or feed. Do not use on any food or feed. Do not use on any food or feed.

PESTICIDE DISPOSAL: Do not use on any food or feed. Do not use on any food or feed. Do not use on any food or feed. Do not use on any food or feed.

CONTAINER DISPOSAL: Do not use on any food or feed. Do not use on any food or feed. Do not use on any food or feed. Do not use on any food or feed.

GENERAL: Do not use on any food or feed. Do not use on any food or feed. Do not use on any food or feed. Do not use on any food or feed.

Apply to the interior of a room or structure with a coarse spray of MPB Residual Spray. For the control of ants, use of well-sites with a coarse spray of MPB Residual Spray. For the control of target beetles, make localized application of MPB Residual Spray to areas of the floor and baseboards. Shelves and cracks in insect storage cabinets should be treated whenever possible. Particular attention should be given to that part of carpeting at the wall edge and in corners. Repeat as often as needed to maintain residual action.

**MPB RESIDUAL
 SPRAY**

AN INSECTICIDAL FORMULATION DESIGNED FOR USE IN HOMES, INDUSTRIAL PLANTS AND FOOD MANUFACTURING PLANTS COMBINING THE KNOCKDOWN AND INSECT FLUSHING CHARACTERISTICS OF PYRETHRIN WITH THE RESIDUAL EFFECT OF MALATHION.

ACTIVE INGREDIENTS
 Malathion 100 dimethyl dithiophosphate of 0.02%
 Diethyl mercaptosuccinate 0.02%
 Pyrethrins 0.02%
 Pyrethrin I 0.02%
 Pyrethrin II 0.02%
 Pyrethrin III 0.02%
 Pyrethrin IV 0.02%
 Pyrethrin V 0.02%
 Pyrethrin VI 0.02%
 Pyrethrin VII 0.02%
 Pyrethrin VIII 0.02%
 Pyrethrin IX 0.02%
 Pyrethrin X 0.02%
 Pyrethrin XI 0.02%
 Pyrethrin XII 0.02%
 Pyrethrin XIII 0.02%
 Pyrethrin XIV 0.02%
 Pyrethrin XV 0.02%
 Pyrethrin XVI 0.02%
 Pyrethrin XVII 0.02%
 Pyrethrin XVIII 0.02%
 Pyrethrin XIX 0.02%
 Pyrethrin XX 0.02%

**KEEP OUT OF REACH OF CHILDREN
 CAUTION**

STATEMENT OF PRACTICAL TREATMENT

If swallowed—Call a physician immediately. Gastric lavage is indicated if material was taken internally. DO NOT INDUCE vomiting unless other treatment is not available. Vomiting may cause aspiration pneumonia. If it is necessary to induce vomiting, give not more than two glasses of water and insert finger in back of throat. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.
If inhaled—remove victim to fresh air. Apply respiration if indicated.
If on skin—Wash immediately with soap and water.
If in eyes—Flush eyes for at least 15 minutes with water. Call a physician immediately.

See Side Panels for Additional Precautionary Statements.

The Industrial Fumigant Company MPB Residual Spray may be used outdoors as an aid in reducing annoyance from flies, wasps, June bugs and small flying moths. Paint or spray the outside surfaces of screens, doors and window frames. Areas around lights, porches or vestibules should also be sprayed. Repeat the treatment as often as needed to maintain flies during action.

FOOD HANDLING ESTABLISHMENTS—Places other than private residences in which exposed food is held, processed, prepared or served.
FOOD AREAS—APPLICATION OF MPB RESIDUAL SPRAY IS LIMITED TO CRACK AND CREVICE TREATMENT ONLY. Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, and waste storage, and enclosed processing systems (mills, carries, edible oil, syrups). Serving areas (where food is exposed and facility is in operation) also would be considered a food area. Applications of this product in the food areas of food-handling establishments, other than as a crack and crevice treatment, are not permitted.

Apply in small amounts directly into cracks and crevices using equipment capable of delivering a pin stream of insecticide in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, in conduits, motor housings and junction or switch boxes. Prior to application to these areas, de-energize electrical equipment. After application, allow time for oil to evaporate before starting motors or placing switches in the "on" position.

Aid in the control of pantry pests (exposed stages of saw-toothed grain beetle, flour beetles, rice weevil, cigarette beetle, drug store beetle, and Indian meal moth) and roaches, silverfish, ants or spiders which are likely to be found hiding in these areas.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

NON FOOD AREAS—Includes garbage rooms, lavatories, floor drains (to jewelry entries and vestibules), offices, locker rooms, machine rooms, basements, garages, mop closets and storage (after canning or bottling). Apply MPB Residual Spray as a spot treatment to baseboard areas around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

WARRANTY

NOTICE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use but neither this warranty nor any other WARRANTY OF MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions or under abnormal conditions or under conditions not reasonably foreseeable to seller and buyer assumes the risk of any such use.
