DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL:

STORAGE: Store in a cool dry well ventilated place. Keep container closed. PESTICIDE DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Spills resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. CONTAINER DISPOSAL: FOR CONTAINERS ONE GALLON AND UNDER: Do not reuse empty container. Break container and put in trash. FOR CONTAINERS OVER ONE GALLON:

METAL CONTAINERS: Take note for movement. Then offer for recycling or reconditioning or purchase and dispose of in a secondary market or by other procedures approved by State and local authorities. PLASTIC CONTAINERS: Take note for movement. Then offer for recycling or reconditioning or purchase and dispose of in a secondary market or reconditioning or if placed in state and local authorities by burning if burned. Do not burn if same.

CONTACT APPLICATION: For the control of accessible, exposed stages of spiders, silverfish, chemo-wild, granary weevil, red weevil, lesser grain weevil, granary weevil, cigarette beetle, drugstore beetle, fungus beetle, Angoumois grain moth, Mediterranean flour moth, and grain moths in commercial and industrial buildings and spray applications should be directed onto exposed wall and floor surfaces, around bases of walls, cabinets and shelving, around and beneath sinks and the mounting legs of processing equipment. Apply liberally so as to directly contact the pest with spray being directed at cracks, crevices and other hiding places. Repeat application when necessary. Infested stored food products should be fumigated or treated by other effective methods using an approved product intended for this purpose.

IN HOMES: Infested food products should be disposed of to prevent reinfestation. Shelves and drawers should be cleaned and thoroughly sprayed with the insecticide. Gests and other covered with small paper after allowing shelves to dry. Any articles that are contacted with spray should be washed before using. Repeat application when necessary.

CARPET BEETLES: Cracks and crevices, spaces behind baseboards, areas beneath furniture and shelves and closets should be thoroughly treated. Widespread infestations should be thoroughly treated on the interior as well as exterior surfaces. The top surface and underside of rugs and carpets should be sprayed thoroughly. When carpet beetles are a serious problem, a dry cleaning procedure should be applied. Small areas of infestation should be treated with dry cleaning. When the severity of infestation is such that control is not possible, areas will be directly contacted with spray to obtain effective control. Repeat application when necessary.

EPA Reg. No. 6330-104 NET CONTENTS GALLONS EPA Est. No. 9824-WD-1 7-87

ACTIVE INGREDIENTS:	
Technical pyrethrin concentrate	5.0%
Pyrethrin	5.5%
Inert Ingredients	94.5%
Petroleum distillate	94.5%

Registered Trade Name: Kel-5 Pyrethrin American Corporation, a Division of The Industrial Fumigants Company, Inc. and 100% of its own compound. THIS PRODUCT FOR USE BY TRAINED PERSONNEL ONLY.

CAUTION: KEEP OUT OF REACH OF CHILDREN PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS
