WINRU DIARIN-5

ACTIVE INGREDIENTS:

0,0-Diethyl 0-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate	0.500%
Pyrethrins	0.052%
*Technical piperonyl butoxide.....	0.261%
Aromatic Petroleum Derivative Solvent.....	0.406%
Petroleum distillate	98.660%
INERT INGREDIENTS:	0.121%
	100.000%

*Equivalent to 0.209% (butylcarbityl) (6-propylpiperonyl) ether and 0.52% other related compounds.

CAUTION: KEEP OUT OF REACH OF CHILDREN.
 Harmful if swallowed. Avoid contact with food and feedstuffs. Avoid inhalation and skin contact. Wash thoroughly after using. Do not use in household or other areas where children play. For additional cautions.

ROACHES: Apply Diarin-5 to cracks, crevices, baseboards, window and door frames, wall cracks, second quarters, kitchen pots and pans, and other hiding places. Use on other localized areas infested with these pests. Repeat treatment as required.

BROWN DOG TICKS: Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, second quarters, kitchen pots and pans, and other hiding places. Applications should be repeated as infestations with these pests recur. Fresh bedding should be placed in second quarters following treatment. Do not treat animals with this formulation.

CARPET BEETLES: Make a light application to areas of the floor and baseboards, spray freely into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shelving. Repeat as necessary.

FLEAS, CHIGGERS, ANTS AND BROWN DOG TICKS OUTDOORS: For treatment of lawns, apply Diarin-5 to areas where these pests are most abundant. For ant infestations, apply Diarin-5 to areas where infestation is most abundant.

CAUTION: This product is toxic to fish and other wildlife. Do not use in or near water. Do not use in or near water. Do not apply when weather conditions are such that rain is likely. Do not contaminate water by cleaning equipment or disposing of containers. Apply this product only as directed on the label.

FLIES, MOSQUITOES, WASPS AND FLYING MOTHS OUTDOORS: For control of flies, mosquitoes, wasps and other flying insects, spray and liberally apply Diarin-5 to window frames, door frames, and other areas where these insects are likely to enter. Do not use in or near water. Do not use in or near water. Do not use in or near water.

FOOD HANDLING ESTABLISHMENTS: Do not use in or near food handling establishments.

CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.
 Do not use in or near food handling establishments, storage, packing, processing, storage, and distribution of food, feed, or other products. Do not use in or near food handling establishments, storage, and distribution of food, feed, or other products.

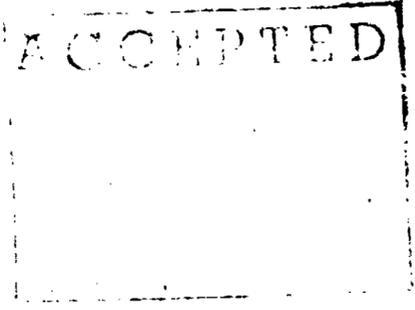

Apply in small amounts directly into cracks and crevices using equipment capable of delivering a pin stream of insecticide in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, in conduits, motor housings and junction or switch boxes. Prior to application, allow time for oil to evaporate before starting motors or placing switches in the "on" position.

Aids in the control of pantry pests (exposed stages of saw-toothed grain beetle, flour beetles, rice weevil, cigarette beetle, drug store beetle, and Indian meal moth) and roaches, silverfish, ants or spiders which are likely to be found hiding in these areas.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.

NON-FOOD AREAS: Includes garbage rooms, lavatories, floor drains, sewer cleanouts, and vestibules, offices, locker rooms, machine room, boiler rooms, garages, mop closets and storage (after canning or bottling). Apply Diarin-5 as a spot treatment to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter. DO NOT REUSE EMPTY CONTAINER. DESTROY IT BY PERFORATING OR CRUSHING. BURY OR DISCARD IN A SAFE PLACE AWAY FROM WATER SUPPLIES. DO NOT USE IN OR NEAR FOOD HANDLING AREAS UNTIL SURFACES

WINRU

ROACHES, ANTS, SILVERFISH, WASPS, CRACKETS, SPIDERS: Surfaces should be sprayed with Winru. Use heavily in all infested areas around baseboards and window and door frames. Also apply to surfaces behind and beneath stoves, refrigerators, and other equipment built close to floors. Use in cracks and crevices. Repeat treatment as needed.

BROWN DOG TICKS: Apply to areas where ticks are likely to be found. Use in cracks and crevices. Fresh bedding should be changed frequently. Repeat treatment. Do not use on animals.

CARPET BEETLES: Apply to areas of the floor and baseboards. Use in cracks and under carpets where insects may be found. Treat crevices, cracks, or closets and infested areas of shelving. Repeat treatment.

FLEAS, CHIGGERS, ANTS AND BROWN DOG TICKS OUTDOORS: For treatment of lawns, gardens, and other outdoor areas.

CAUTION:

Keep out of reach of children. Do not use in food handling establishments.

FLIES, MOSQUITOES, WASPS AND FLYING MOTHS OUTDOORS: Apply to areas where insects are likely to be found.

FOOD HANDLING ESTABLISHMENTS—Places other than private homes where exposed food is held, processed, prepared or served.
