Document Processing Desk (NOTIF)  
Office of Pesticide Programs (7504C)  
U.S. Environmental Protection Agency  
401 M Street., SW  
Washington, D.C. 20460-0001

I certify that this notification is consistent with PR 95-1 and EPA regulations at 40 CFR 152.46 and that no other changes have been made to the labeling of this product. I further understand that if this notification is not consistent with the terms of PR Notice 95-1 and 40 CFR 152.46, then this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Recommended for disinfecting in schools and other institutional (nonmedical) facilities.

**DIRECTIONS FOR DISINFECTING**

Remove all filth and dirt from premises or surfaces to be disinfected. A 10 minute contact time is necessary to assure disinfection of surfaces for all applications described below. Use a solution made up of one part PINETAX to 100 parts water (approximately 1.3 ounces per gallon). This acts as a disinfectant against *S. choleraesuis*. Toilet rooms, toilet seats, wash-basins and urinals, as well as other similar fixtures should be cleaned first as above directed and then washed with the above PINETAX solution by sponge, mop, or cloth to wet all surfaces thoroughly. Toilet bowls should be flushed and then add the PINETAX solution (1.3 ounces per gallon) directly to the bowl water. Swab the bowl completely using a scrub brush or mop, making sure to get under the rim, and let stand for at least 10 minutes, then flush. In a typhoid sickroom to disinfect utensils, bed pans, clothes, beds and rooms, first clean and remove all filth and dirt from the premises or surfaces to be disinfected; then use a solution made up one part PINETAX to 100 parts water (approximately 1.3 ounces per gallon) and thoroughly wash by sponge, mop, or cloth all surfaces, premises and utensils in this solution, being careful to wet all surfaces thoroughly. For cleansing and deodorizing cuspidors, first clean, then immerse in a solution of one part PINETAX to 100 parts water (approximately 1.3 ounces per gallon). Let some of this solution remain in the cuspidors while in use. Fresh solution should be prepared daily or more often when the solution becomes diluted or soiled.

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS WARNING

Harmful if swallowed. Avoid contact with eyes and skin or clothing. In case of contact immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

#### PHYSICAL OR CHEMICAL HAZARDS:

Do not use, store, spill or pour near heat or open flame.

#### ENVIRONMENTAL HAZARDS:

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not re-use empty container.

#### PESTICIDE DISPOSAL:

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

#### CONTAINER DISPOSAL:

**Metal Containers:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

**Plastic Containers:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**WARRANTY STATEMENT** - This product is designed exclusively for industrial and institutional use by trained professional maintenance personnel. Prior to using this material, read complete label and Material Safety Data Sheet on file at your place of work. Label directions and precautions must be followed exactly. Selig Chemical Industries will not be responsible for injury, loss, or damage if product is used in any manner not in compliance with label directions or if precautions are not observed.
