ACTIVE INGREDIENTS: Hydrogen Chloride..... 24.0% INERT INGREDIENTS..... 76.0%
 PHENOL COEFFICIENT — S. TYPHOSA..... 6.0

DIRECTIONS

FOR CLEANING AND DISINFECTING TOILET BOWLS — First remove water from bowl by forcing over trap with bowl mop, then remove water from mop by pressing against side of bowl. Holding bottle over bowl, pour directly on bowl mop until saturated. Swab all parts of bowl thoroughly and especially under rim. Flush bowl and rinse mop. To disinfect bowl after cleaning and flushing, pour 2 to 4 ounces into the bowl water. Swab entire bowl seat and cover thoroughly, then flush bowl again.

FOR CLEANING AND DISINFECTING URINALS — Holding bottle over urinal, pour directly on bowl mop until saturated. Swab all surfaces of urinal, water outlets at top and all grooves. Remove drain screen and pour 2 to 5 ounces around and into drain pipe. Let stand for 2 or 3 minutes, then mop drain thoroughly, replace drain screen and flush urinal.

POISON

CONTAINS
 HYDROCHLORIC ACID

DANGER: KEEP OUT OF REACH OF CHILDREN

WARNING! May be fatal if swallowed.

Do not breathe vapor or fumes. Avoid contact with product.

ANTIDOTE, INTERNAL Drink a teaspoonful of magnesia, chalk, whiting, wall plaster or small pieces of soap softened in milk or raw egg whites. CALL A PHYSICIAN.

ANTIDOTE, EXTERNAL Wipe off acid gently, then flood surface with water. Use soap freely. Then cover with moist baking soda or magnesia. Eyes: Flush with water for 15 minutes. Call Physician.

CAUTION Do not use on sinks, bath tubs, porcelain or any other surface except toilet bowls and urinals. If used on any surface but vitreous ware, user assumes all responsibility. Rinse empty container thoroughly and discard it.
