ATLANTA - BIRMINGHAM - HOUSTON - KANSAS CITY - LOS ANGELES - LOUISVILLE -
MEMPHIS - NEW ORLEANS - SAN JUAN

NET WEIGHT 3 LB

EACH CAN

A COMBINATION OF LIME, DISINFECTANT AND DEODORANT

ACTIVE INGREDIENTS:

FORMIC ACID.....	0.4%
CAUSTIC SODA.....	0.1%
NET WEIGHT.....	3.5%

DIRECTIONS:

For general disinfecting of surfaces to be cleaned apply LIME to a moistened
cloth or sponge and apply direct to surface. After surface has been cleaned, dry
cleaned, rinse with separate cloth or sponge and clean water. Leaves a pleasant
fragrance after use.

CAUTION
KEEP OUT OF REACH OF CHILDREN
